THE PONY CLUB EVENTING OBJECTIVES

Eventing provides The Pony Club with a competition requiring courage, determination and all-round riding ability on the part of the rider and careful and systematic training of the horse.

Its object is to encourage a higher standard of riding throughout The Pony Club and to stimulate among the future generation a greater interest in riding as a sport and as a recreation.

Every eventuality cannot be provided for in these Rules, and where a rule is not covered, the British Eventing Rule Book should be consulted. In any unforeseen or exceptional circumstances or any other issue in connection with Pony Club Eventing it is the duty of the relevant officials to make a decision in a sporting spirit and to approach as nearly as possible the intention of these Rules. It is the competitors' responsibility to ensure that they are complying with the Rules of the competition.

Where a rule states District Commissioner, Centre Proprietor also applies, and where Branch is stated, Centre applies.

"As a Member of The Pony Club, I stand for the best in sportsmanship as well as in horsemanship.

I shall compete for the enjoyment of the game well played and take winning or losing in my stride, remembering that without good manners and good temper, sport loses its cause for being. I shall at all times treat my horse with due consideration."

RULES

These Rules are based on British Eventing's current rules for Affiliated Eventing, amended where applicable. The term 'horse' in these Rules covers ponies as well.

This Rule Book is a guide for Competitors. Organisers should refer to the Eventing Organisers' Handbook in conjunction with these rules.

NOTE: Rules that differ from those of 2022 or requiring special emphasis appear in bold type (as this note) and changes are side-lined.

SECTION A - GENERAL RULES FOR ALL PONY CLUB EVENTING

1. EXPLANATION OF COMPETITION

EVENTING is a three-phase competition - Dressage, Show Jumping and Cross Country, each of which must be completed mounted. The Dressage Test will be ridden first, followed by Show Jumping and then Cross Country.

This order will be adhered to at all Levels. Pony Club Eventing is graded from PC70, PC80, PC90, PC100, **PC Chairman's Cup** and PC110. PC110 (Pony Club Open) is the equivalent of British Eventing's Novice standard, PC100 (Pony Club Intermediate) is BE100 and PC90 (Pony Club Novice) is BE90. Please refer to the following tables. All competitors in the same class must complete the three phases in the same order. Each horse must be ridden by the same rider throughout. A horse may only compete once on any given day.

2. LEVELS OF COMPETITION

(Metric Conversion Table – Appendix C)

The maximum dimensions at each Level must NOT be exceeded in either Show Jumping or Cross Country.

SHOW JUMPING	PC70	PC80	PC90	PC100	PC Chairman's Cup	PC110
Max length of course	350m	350m	450m	450m	450m	450m
Speed	300mpm	300mpm	325mpm	325mpm	325mpm	325mpm
Obstacles Max height	0.75m	0.85m	0.95m	1.05m	1.10m	1.15m
Max spread - highest point	0.65m	0.85m	1.05m	1.15m	1.15m	1.25m
Max spread – base	0.90m	1.15m	1.25m	1.35m	1.40m	1.50m

Note: Only one upright and one ascending spread obstacle may be included up to the maximum height. All other obstacles must be 0.05m below maximum height.

The limits on the height and spread of obstacles laid down in the rules must be observed with the greatest of care. However, if it should happen that a maximum dimension has been marginally exceeded as a result of the material used for construction and/or by the position of the obstacle on the ground, the maximum dimensions laid down will not be considered as having been exceeded, but the permitted tolerance is 5cms maximum in the ring or practice area.

COURSE DESIGN – SHOW JUMPING

PC70, 80 and 90: It is recommended that the first three obstacles should be inviting to allow horses to gain confidence. Neither water jumps nor water trays are permitted. The course must include only one double combination **(at PC70 a two-stride double) and no trebles.**

PC100 and PC Chairman's Cup: Neither water jumps, nor water trays are permitted. The course must include one double combination and may include a further double but not a treble. There should be one square parallel.

PC100, PC Chairman's Cup and PC110: It is recommended that a BS Course Builder's advice is sought on course plans.

PC Chairman's Cup Championship: At the Championships the show jumping will be held on the final day in reverse order of placings. There will be a trot up prior to the competition.

At all Levels: When the second or third element of a double or treble combination is a spread, the distances must be as for two non-jumping strides.

CROSS COUNTRY	PC70	PC80	PC90	PC100	PC Chairman's Challenge	PC110
Length of course	Up to 1,800m	1600m - 2,500m	1600m - 2,500m*	1800m - 2,800m*	1800m - 3,120m*	2400-3,120m*
Speed	435mpm	435mpm	450mpm	475mpm	475mpm	520mpm
Obstacles No. of Jumping efforts	Up to 25	16-25	18-25*	18-25*	20-27*	20-28*
Max height	0.70m	0.80m	0.90m	1.00m	1.05m	1.10m
With height and spread Max spread - highest point	0.75m	0.90m	1.00m	1.10m	1.20m	1.40m**
With height and spread Max spread - base	1.00m	1.25m	1.50m	1.80m	1.80m	2.10m
With spread only Max spread without height	0.90m	1.25m	1.50m	1.80m	2.20m	2.40m
Drop fences Max drop	0.80m	1.20m	1.30m	1.40m	1.40m	1.60m
Jump into and out of water Max depth of water	0.20m	0.20m	0.20m	0.20m	0.30m	0.30m

*At the Eventing Championships, the length of the course may be increased to 2,500-3,500m and the number of jumping efforts may be increased to 25-30.

**If building a new spread fence, it is recommended that the overall maximum spread does not exceed 1.25m

Below PC90, Organisers may reduce distances, speeds, heights and number of obstacles.

At PC70 and PC80 there will be no penalties for going too slowly, but reverse time penalties will be applied for going too fast – Rule 32 g).

3. SCORING AND CLASSIFICATION

The competition is scored on a penalty basis.

a. Individuals

The penalty points incurred by a competitor in each of the three phases are added together to give his final score for the whole competition, the competitor with the least points being the winner. A competitor disqualified or eliminated in one phase is eliminated from the whole competition.

b. Teams

Only the lowest three scores of each team are counted. These are added together to give the team's final score, the team with the least penalties being the winner. If fewer than three members of a team complete the competition there is no team score.

4. EQUALITY

If the total penalty score for the three phases gives equality of marks to two or more competitors, the classification is decided by the best Cross Country score, that is the competitor with the lowest total of jumping and/or time penalties. At PC80, PC90, PC100, PC Chairman's Cup and PC110, if there is still equality, the best will be the competitor whose Cross Country time is closest to the optimum time. If there is still equality the best show jumping score (including penalties at obstacles and time penalties) will be taken into consideration. If there is still equality the best Dressage score will decide. If the scores are still equal the result shall be a tie. If the total scores of two or more teams in a qualifying position for the Championships are equal, all teams concerned will qualify. If the scores are equal for an individual qualifying place at the Championships, all parties concerned shall qualify. At PC70, where the lowest total of cross-country jumping penalties is equal

and there are no time penalties for going too fast, then the marks for Show Jumping and Dressage as outlined above, will be the deciding factor.

5. PROTESTS OR OBJECTIONS

Any query about a competitor's score must be made only at the Secretary's Office. No approach may be made to the Judge, Timekeeper, Fence Judge or Official concerned. Protests or objections must be made in writing and addressed to the Official Steward, or at the Championships to the Secretary. At Area Competitions and the Championships, only District Commissioners or their Appointed Representatives are entitled to lodge a protest or objection. Protests must be accompanied by a deposit of £10 at Branch Competitions and £50 at Area Competitions and the Championships, which is forfeit unless the Official Steward or, at the Championships, the Official Steward / Jury of Appeal, decides that there were good and reasonable grounds for it. Protests or objections must be made not later than half an hour after the incident that gave rise to them, or half an hour after the scores have been published. Objections to Dressage scores must be made not later than one hour after the scoresheets have been released.

At Branch competitions the Official Steward shall give his decision which shall be final. At Area Competitions and the Championships, if the decision of the Official Steward is not accepted then the Jury of Appeal, after investigation, shall give its decision and this decision shall be final.

Should a breach of eligibility subsequently be discovered, then the Eventing Committee may disqualify the offending team or individual.

If said individual was a Member of a qualifying team and their score contributed to the qualification the team will be disqualified unless the qualification holds up using the discard score.

Where scores are published during an event on a live scoring system, these are provisional until confirmed by the Official Steward as the final results. It is of the utmost importance that competitors check their dressage sheets and take every opportunity to read published results, provisional or final, as soon as possible after each phase.

6. JURY OF APPEAL

The following people constitute the Jury of Appeal:

- a. The Official Steward or Assistant Official Steward
- b. A Dressage Judge

- c. The Chief Show Jumping Judge
- d. The Cross Country Steward
- e. Any member of The Pony Club Eventing Committee present.

The Official Steward may appoint a replacement for any member of the Jury if the need arises. Any three members from the above shall form a quorum.

At the Championships the Jury of Appeal shall consist of those members of The Pony Club Eventing Committee who are present, and three of whom shall form a quorum. At both the Area Competitions and the Championships at least three members of the Jury of Appeal must remain on the ground until half an hour after the scores have been published.

7. AGE AND HEIGHT OF HORSES

No horse under 5 years of age is eligible. A horse or pony shall be deemed to reach the age of 1 on the 1st of January next following the date on which it is foaled and shall be deemed to become a year older on each successive 1st January. There are no height restrictions.

8. DRESS

New equipment is not expected, but what is worn must be clean, neat, tidy and safe.

It is the competitors' responsibility to ensure that their dress is in accordance with the rules. Contravention may incur elimination. Apart from XC colours and silks, brightly coloured accessories must not be worn.

a. The following rules apply to ALL THREE PHASES:

i. Hats and Hair –

Hair: Must be tied back securely, in a safe manner to reduce the risk of hair being caught and to prevent scalp injuries.

It is mandatory for all Members to wear a protective helmet at all times when mounted with the chinstrap fastened and adjusted so as to prevent movement of the hat in the event of a fall. This rule defines the quality of manufacture that is required. Individual Sports may also have additional requirements with regard to colour and type of hat. It is strongly recommended that second-hand hats are not purchased.

The hat standards accepted are detailed in the table below:

Hat Standard	Safety Mark	Allowed at the following activities:
PAS 015 2011 with BSI Kitemark		All activities
VG1 with BSI Kitemark		All activities
Snell E2016 onwards with the official Snell label and number		All activities
ASTM-F1163 2004a onwards with the SEI mark		All activities
AS/NZS 3838, 2006 onwards		All activities

- ▶ For cross country riding (80cm and over) including Eventing, Tetrathlon, Horse Trials, Pony Racing (whether it be tests, rallies, competition or training) and Mounted Games competitions, a jockey skull cap must be worn with no fixed peak, peak type extensions or noticeable protuberances above the eyes or to the front, and should have an even round or elliptical shape with a smooth or slightly abrasive surface. Noticeable protuberances above the eyes or to the front not greater than 5mm, smooth and rounded in nature are permitted. A removable hat cover with a light flexible peak may be used if required.
- ▶ It is strongly recommended that a jockey skull cap is worn for cross country riding over lower fences (less than 80cm).
- ▶ No recording device is permitted (e.g. hat cameras) as they may have a negative effect on the performance of the hat in the event of a fall.
- ▶ The fit of the hat and the adjustment of the harness are as crucial as the quality. Members are advised to try several makes to find the best fit. The hat should not move on the head when the head is tipped forward. Most helmet manufacturers recommend you visit a qualified BETA fitter.
- ▶ Hats must be replaced after a severe impact as subsequent protection will be significantly reduced. Hats deteriorate with age and should be replaced after three to five years depending upon the amount of use.
- ▶ Hats must be worn at all times (including at prize-giving) when mounted with the chinstrap fastened and adjusted so as to prevent movement of the hat in the event of a fall.
- ▶ The Official Steward/Organiser may, at his discretion, eliminate a

competitor riding in the area of the competition without a hat or with the chinstrap unfastened or with a hat that does not comply with these standards.

Hat Checks and Tagging

The Pony Club and its Branches and Centres will appoint Officials, who are familiar with The Pony Club hat rule, to carry out hat checks and tag each hat that complies with the requirements set out in the hat rule with a **pink** Pony Club hat tag. Hats fitted with a **pink** Pony Club, British Eventing (BE) or British Riding Club (BRC) hat tag will not need to be checked on subsequent occasions. However, The Pony Club reserves the right to randomly spot check any hat regardless of whether it is already tagged.

Pony Club (**Pink**) hat tags are only available to purchase from The Pony Club Shop.

Tagging indicates that a hat meets the accepted standards. No check of the fit and condition of the hat is implied. It is considered to be the responsibility of the Member's parent(s)/guardian(s) to ensure that their child's hat complies with the required standards and is tagged before they go to any Pony Club event. They are also responsible for ensuring that the manufacturer's guidelines with regard to fit and replacement are followed.

- ii. Jackets (Dressage and Show Jumping only)** – A traditional style of riding jacket must be worn with a Pony Club Tie or hunting stock. It is permitted to wear a Pony Club stock with any jacket. Jackets may be removed during riding in, provided the competitor is wearing a shirt that at a minimum covers the shoulders. During hot weather the Judges may give permission for competitors to ride without jackets, but shirts must cover the shoulders. Shirts should be white or cream. Number bibs should be worn for all three phases. The metal membership badge should be worn on the left lapel of the jacket. **Tailcoats may be worn for the Dressage phase at the PC110 Championships.**
- iii. Gloves** – Gloves are compulsory for the Dressage phase and optional for Show Jumping and Cross Country.
- iv. Breeches** – Breeches or jodhpurs must be white, cream or beige. If worn, branding must be on the left leg and not be longer than 20cms or wider than 4cm.

- v. **Footwear** – Only standard riding or jodhpur boots with a well-defined square cut heel may be worn. Plain black or brown half chaps may be worn with jodhpur boots of the same colour. Tassels and fringes are not allowed. No other footwear will be permitted, including wellington boots, yard boots, country boots, “muckers” or trainers. Boots with interlocking treads are not permitted, nor are the boots or treads individually.

Stirrups should be of the correct size to suit the rider’s boots (see the Stirrup rule). Laces on boots must be taped for Mounted Games only.

- vi. **Spurs** – Spurs may be worn at Rallies and other events. Any misuse of spurs will be reported to the DC/Centre Proprietor, Area Representative and Training Chairman. Any reported riders will be recorded and monitored.

Sharp spurs are not permitted. Only blunt spurs, without rowels or sharp edges, and spurs that have a smooth rotating ball on the shank may be worn. If the spurs are curved, the curve must be downwards, and the shank must point straight to the back and not exceed 4cm in length. The measurement is taken from the boot to the end of the shank.

vii. **Body Protector**

The Pony Club follows the British Equestrian Standards for Body Protectors.

The use of body protectors is compulsory for all Cross Country riding and Pony Racing in both training or competing. If a Body protector is worn for any Pony Club activity it must meet BETA 2009 Level 3 standard (purple label) or BETA 2018 Level 3 standard (blue and black label) – see right.

For general use, the responsibility for choosing body protectors and the decision as to their use must rest with Members and their parents. It is recommended that a rider’s body protector should not be more than 2% of their body weight. When worn, body protectors must fit correctly, be comfortable and must not restrict movement. BETA recommends body protectors are

replaced at least every three to five years, after which the impact absorption properties of the foam may have started to decline.

BETA 2009 Level 3 (purple label) body protectors will continue to be accepted at Pony Club competitions until 31st December 2023, from 1st January 2024 only body protectors that meet BETA 2018 Level 3 standard (blue and black label) are to be used.

Riders who choose to use the Woof Wear Body Cage EXO must lodge a key with the Event Organiser when they collect their number.

Air Jackets

The Pony Club follows the British Equestrian Standards for Air Jackets.

If a rider chooses to wear an air jacket, it must only be used in addition to a normal body protector which meets the Body Protector Rule and Standards. In the event of a fall, the air jacket must be fully deflated or removed before continuing, after which, the conventional body protector will continue to give protection. Air jackets must not be worn under a jacket and number bibs should be fitted loosely or with elasticated fastenings over the air jacket. Sports have specific rules relating to falls in competition.

viii. Medical Armbands – It is the competitor's responsibility to wear a PC/BE medical armband during the cross-country phase if they have a medical condition that may impact on their care in the case of an emergency. Conditions that are relevant includes serious past injuries/surgery, chronic health problems such as diabetes, long term medications and allergies. If in doubt competitors should consult with their own treating physician. Cards must contain the competitor's details where indicated and must be worn on the competitor's arm or shoulder in such a way as to be visible at all times. It is not compulsory for competitors without any medical conditions to wear a medical armband.

ix. Jewellery – **the wearing of any sort of jewellery when handling or riding a horse/pony is not recommended and if done at any Pony Club activity, is done at the risk of the member/their parent/guardian. However, to stop any risk of injury, necklaces and bracelets (other than medical bracelets) must be removed, as must larger and more pendulous pieces of jewellery**

(including those attached to piercings) which create a risk of injury to the body part through which they are secured. For the avoidance of doubt a wristwatch, wedding ring, stock pin worn horizontally and/or a tie clip are permitted. It is recommended that stock pins are removed for cross country.

x. **Buttonholes** may not be worn.

xi. **Prize giving**

Competitors must be correctly dressed in their competition riding clothes (jackets etc) for prize-givings, either mounted or dismounted. Only Saddlery that falls within the rules of the competition will be allowed.

xii. **Collecting ring / Course walking**

Whilst dismounted in the collecting area, or course walking (both Show Jumping or Cross Country) Competitors must be tidily dressed but not necessarily in riding clothes. Competitors should however be dressed in their riding clothes when walking the show jumping course at the Championships after 9am on the day of competition.

b. **DRESSAGE only**

- ▶ **Whips** – A whip of any length may be carried at PC70, PC80, PC90, but no whips are allowed at PC100, **PC Chairman's Cup** and PC110.
- ▶ **Gloves** - Must be worn.

c. **SHOW JUMPING and CROSS-COUNTRY only**

- ▶ **Whips** – A whip, if carried, must be held in the hand by the handle with the handle at the top. The whip must be “padded”.

The maximum length of the “Whip” is 70cm and must be no less than 45cm.

- ▶ The “Contact area”, is considered to be 2/5's (two fifths) of the overall length of the “Whip” and must be covered with a “Pad”.
- ▶ There must be no “binding” within 17 centimetres of the end of the “Pad”.
- ▶ The “Pad” must be smooth, with no protrusion or raised surface, and be made of shock absorbing material throughout its circumference such that it gives a compression factor of at

least 6mm.

- ▶ There is to be no wording, advertising or personalisation of any kind on the "Pad".

Use of the whip:

At all times, the whip must only be used

- ▶ For a good reason, as an aid to encourage the horse forward or as a reprimand.
- ▶ At an appropriate time, namely when the horse is reluctant to go forward under normal aids of seat and legs or as a reprimand immediately after a horse has been disobedient.
- ▶ In the right place, namely down the shoulder or behind the leg but never overarm.
- ▶ With appropriate severity.
- ▶ No more than twice for any one incident.

Excessive use of the whip anywhere at the event will result in disqualification:

- ▶ Use of the whip to vent a competitor's anger is always excessive.
- ▶ Use of a whip which causes injury e.g., Broken skin or a weal, is always excessive.
- ▶ Use after elimination or retirement is always excessive.
- ▶ Use on a horse's head, neck etc. is always excessive.
- ▶ Using the whip from the ground after a rider fall or dismount is always excessive.
- ▶ If the rider's arm comes above the shoulder when using the whip, this is always excessive.

d. CROSS-COUNTRY only

- ▶ **Body Protectors** are compulsory for training and competing.
- ▶ **A self-tied stock** is strongly recommended.
- ▶ As a minimum shoulders must be covered while competing.

e. Electronic Devices

Electronic devices (i.e. headphones, mobile phones etc. enabling another person to communicate with the rider) are not allowed whilst the rider is competing.

No recording device is permitted (e.g., head / bridle cameras etc.)

Stopwatches may be worn at PC90, PC100, **PC Chairman's Cup** and PC110 Levels.

9. SADDLERY

New equipment is not expected, but what is worn must be clean, neat, tidy and safe.

It is the competitors' responsibility to ensure that their tack is in accordance with the rules and that they present themselves for inspection. Any competitor who presents to compete in the wrong saddlery/equipment will not be allowed to compete until they decide to re-present in the correct saddlery/equipment.

Any competitor who then changes their tack in any discipline after the Tack Inspection will be disqualified from the competition.

The Official Steward has absolute discretion to forbid the use of any bit, gadget, spur or boot which he considers cruel or misused.

Any misuse of a bit / bridle will be reported to the DC / Centre Proprietor, Area Representative and Training Chairman. Any reported riders will be recorded and monitored.

Any equipment not covered in these Rules must be referred at least two weeks in advance of the competition to The Pony Club Office to allow time for the Chairman of the Eventing Committee to be consulted. All tack must be correctly fitted. Disabled riders are welcome to apply to The Pony Club Office to use special equipment.

Any unusual decoration of the horse with unnatural things, such as ribbons, flowers, glitter etc. in the mane/tail or applied to the coat is forbidden. Red bows in the tail are permitted for horses that kick.

a. The following rules apply to ALL THREE PHASES:

- i. Bridles** – Plain black or brown bridles only may be used. For safety reasons, leather bridles are recommended. The Micklem Multibridle is permitted without bit clips.
- ii. Nosebands** - Must not incorporate chain.
- iii. Bits** - All synthetic bits must be black, brown or white.
- iv. Tongue Straps and Tongue Grids** are not allowed. Tongue guards are permitted for Show Jumping and Cross Country only.

- v. **Reins** – Split reins, Ernest Dillon reins, Market Harboroughs and balancing, running, draw, check or bridge reins of any kind are forbidden. (A running, draw or check rein is one that is attached to the saddle, girth, martingale or breastplate on the horse.)

Grass and Balanced Support Reins

Grass reins and balanced support reins are permitted at Pony Club rallies and competitions jumping up to 50cm or in the Walk and Trot Test subject to the following:

- ▶ only those reins shown in diagrams 1 and 2 (and 5) are permitted.
- ▶ the reins must be fitted to allow and not restrict the normal head position of the pony. The rein length must be sufficient to allow the pony to stretch over a small fence
- ▶ reins may be leather or synthetic material, if synthetic then a break point of leather or other suitable material must be included

- vi. **Neckstraps** may be worn in all phases at all levels.

vii. Saddles – Black or brown saddles of plain English type with white, brown, dark blue or black girths. Competitors wishing to ride side-saddle must notify the Organiser of the competition at the time of entry.

viii. Stirrups should be of the correct size to suit the rider's boots. They must have 7mm ($\frac{1}{4}$ ") clearance on either side of the boot. To find this measurement, tack checkers should move the foot across to one side of the stirrup, with the widest part of the foot on the tread. From the side of the boot to the edge of the stirrup should not be less than 14mm.

There are now many types of stirrups marketed as 'safety stirrups'. All riders must ensure that their stirrups are suitable for the type of footwear they are wearing and the activities in which they are taking part and that the stirrup leathers are in good condition.

There are no prescribed weight limits on metal stirrups, however with the advent of stirrups of other materials, weight limits are frequently given by manufacturers. Any person buying these stirrups, should comply with weight limits defined on the box or attached information leaflets. Neither the feet nor the stirrup leathers or irons, may be attached to the girth, nor the feet attached to the stirrup irons.

It is strongly recommended that the design of the stirrup chosen allows the foot to be released easily in the event of a rider fall. Specific rules for individual sports can be found in the respective sports rulebooks.

Particular focus should be on ensuring that the boot and stirrup are the correct size for the rider taking part and used in line with the manufacturer's guidance.

For the avoidance of doubt, at Pony Club events:

- ▶ stirrups which connect the boot and the stirrup magnetically are not allowed
- ▶ Interlocking boot soles and stirrup treads are not allowed

ix. Weighted Boots and pinch boots are not allowed.

x. Fly hoods, nose nets and ear covers – are permitted for all competitions. The ear cover/fly fringe must not cover the horse's eyes. **Titanium masks are not permitted in Pony Club**

competitions except in Pony Club Show Jumping and the Show Jumping phase of Pony Club Eventing.

Ear plugs are not permitted and spot checks may be carried out.

Nose nets are permitted. Nose nets must cover the nose only leaving the mouth and bit visible.

- xi. Hoof Boots** – are not allowed.
- xii. Humane Girths** – are not allowed. Humane girths pose an increased risk as many common designs may have complete girth failure if a single strap was to break. Humane girths are not permitted in any Sport, whether during training or competition.
- xiii. Saddle Cloths/Numnahs** – Any solid colour is permitted. Contrasting piping is permitted. Branch logos are allowed when competing for the Branch; logos must not exceed 200 sq. cm. This does not preclude the wearing of clothing for horses or riders that has been presented by sponsors of the Championships in the current or previous years.

b. DRESSAGE only

- i. Bits must comply with current rules for British Dressage and must be used in their manufactured condition without any addition to/on any part. If in doubt, guidance should be sought from the BD Rule Book or by emailing The Pony Club office with a photo of the bit in question.**
- ii. Bit guards** are not allowed.
- iii. Nosebands** – One only of either cavesson, drop, flash, grackle or Mexican are permitted. Nosebands should be correctly fitted and should not cause discomfort. Nosebands must not incorporate chain or rope.
- iv. Martingales** and bearing, side, check or running reins are not permitted. Breastplates and cruppers are allowed.
- v. Boots and Bandages** may be worn whilst riding-in, but not during a Test.
- vi. Neckstraps** may be worn at all Levels.

vii. **Blinkers or cheek pieces** of any kind are forbidden.

c. **SHOW JUMPING and CROSS-COUNTRY only**

i. **Martingales** – The only martingales permitted are Irish, Standing, Running or Bib, only one of which may be worn at the same time. Standing martingales may be attached only to the cavesson portion of the noseband fitted above the bit.

ii. **Over girths** – Correctly fitted over girths are recommended for Cross Country riding with a double flapped saddle and a martingale/hunting breastplate.

iii. **Nosebands** – Only one may be worn unless using a standing martingale with a combination, Kineton or drop noseband or similar, in which case the addition of a cavesson is allowed. Nosebands should be correctly fitted and should not cause discomfort. Nosebands must not incorporate chain. Sheepskin nosebands are permitted.

iv. **Blinkers, leather cheek pieces** or any attachment to the horse or bridle which may affect the animal's field of vision are prohibited. Sheepskin **or leather** may be used on the cheek pieces of the bridle providing the sheepskin does not exceed 3cm in diameter measured from the animal's face.

v. **Bit guards** made entirely of rubber and smooth on both sides are permitted.

vi. **Tongue Guards** are permitted. The use of tongue straps, tongue grids, or the addition of string, twine or cord in or round the horse's mouth is forbidden.

vii. **In the Cross-Country and Show Jumping phases** any normal riding bit is accepted, hackamore or any bitless bridle. Bits should be in their original manufactured state.

10. ACTION AFTER A FALL

Any competitor who has a fall or sustains a serious injury anywhere at the competition site MUST see the medical personnel on the day and be passed fit to ride before riding that horse in a further test or before riding any other horse.

11. HEAD INJURY AND CONCUSSION

There are strict procedures around the response to concussion.

(i) General Advice

Head injuries and concussion can be life changing and fatal. Serious head injuries are usually obvious, but concussion can be very subtle. It may not be immediately apparent but should be taken very seriously.

Members may be asked not to ride by an Official (including a first aider) who believes they may have sustained concussion either at the time of injury or from a previous injury (which may not have been sustained whilst riding). Concussion is difficult to diagnose, and practitioners of all grades must err on the side of caution. Thus, any decision must be respected, and professional medical support is advised to avoid further harm. Ignoring an official's advice about concussion breaches the Pony Club's Code of Conduct.

(ii) Incidents that could cause head injuries or concussion

Any Member involved in an incident that could cause head injury or concussion at a Pony Club activity (for example, a fall from their horse/pony) should be assessed by the first aid provider in attendance.

Dependent on the level of first aid cover, the exact process of diagnosing will vary depending/based on whether the Member has suffered:

- ▶ No head injury/concussion
- ▶ Suspected head injury/concussion
- ▶ Confirmed head injury/concussion

The process for diagnosing each option is covered in more detail below.

An assessment may make it immediately obvious that there is no cause for concern. Reasonable care should be taken to ensure Members have not sustained a serious head injury or concussion.

(iii) Unconsciousness

If a Member is unconscious following an incident they should be treated as if they are suffering with a confirmed concussion and the steps in point vii should be followed.

(iv) Who can diagnose head injury or concussion?

Diagnosis of a head injury or concussion can be carried out by Trained First

Aiders, Qualified First Aiders or medical professionals officiating at a Pony Club activity. If there is any doubt as to the diagnosis, the Member should see the highest level of first aid cover that is present who should make the diagnosis. If a definite diagnosis is not possible then the Member should be referred to a hospital or a doctor off site for a professional diagnosis.

The member must not ride again until they have been seen by a doctor/hospital.

(v) Actions to be taken in the event of a suspected head injury or suspected concussion diagnosis

If a diagnosis of a suspected head injury or concussion is made by a first aider, the parents/guardians should be advised to take the member to hospital.

Any Member who has been diagnosed with a suspected or confirmed head injury/concussion should not be left alone and must be returned to the care of their parents/guardians where appropriate.

If a Member has a suspected head injury/concussion at an activity/competition, organisers should inform the DC/Proprietor to ensure that the rider follows these guidelines.

Once a diagnosis of suspected head injury or concussion is made by the first aid cover present at the activity, then that decision is final. If a Member is advised to see a doctor because of suspected head injury/concussion and the parents/guardians decide not to allow the member to be examined (either at the activity or in hospital), the Member will not be allowed to ride again on the day and should be treated as if they have sustained a confirmed head injury/concussion. Depending on the circumstances, the decision not to allow further examination may be considered a safeguarding issue.

Where a doctor subsequently certifies that a Member does not have or did not suffer a head injury/concussion, and provides evidence that they are satisfied the Member is well enough to resume riding activity, that Member will be treated as if they did not sustain a concussion. Officials will endeavour to assess members in a timely way; however, head injuries can evolve over time, which may lead an official or professional to perform a series of assessments. A Member may miss a phase or part of an event during the assessment process and the Sport Rules for missing that phase or part will apply.

(vi) Actions to be taken in the event of a confirmed head injury or confirmed concussion

In the event of a confirmed head injury or confirmed concussion diagnosis, the doctor will advise the Member not to ride or take part in any activity that potentially involves hard contact for three weeks. The member may be advised that they could request a review of any ongoing concussion problems by a doctor (with experience in assessing concussion) after 10 days. If that doctor is happy to certify that the Member is not suffering with a concussion, the Member may ride again. Evidence regarding this decision is required, e.g. in the form of a medical letter. If no evidence is provided, the Member should not take part in any Pony Club activity that involves horses/ponies, whether mounted or unmounted, for at least three weeks after the initial injury.

(vii) Actions to be taken in the event of a diagnosis of a confirmed or suspected head injuries/concussions outside of Pony Club activities

Ultimately, it is the parent/guardians' responsibility to make a decision about the welfare of their child.

If a Pony Club Official becomes aware that a member has sustained a suspected or confirmed head injury/concussion and has been advised not to take part in any potentially hard contact activities, the Member must not be allowed to take part in any Pony Club activities that involve horses/ponies, whether mounted or unmounted for three weeks, unless appropriate medical evidence of fitness to ride can be provided by parents/guardians dated at least 10 days after the initial injury.

Please see Appendix G for the Head Injury and Concussion Flowchart.

b. Incidents that could cause head injuries or concussion

Any member / rider who, at a Pony Club activity, suffers an incident that could cause head injury or concussion (for example, a fall from their horse / pony) should be assessed.

The person who does this assessment will depend on the first aid cover that is in place for that activity. Depending on the level of first aid cover then the exact process of diagnosing whether the member has suffered:

- ▶ No head injury / concussion
- ▶ A suspected head injury / concussion
- ▶ Confirmed head injury / concussion

Each option is talked through in more detail below.

From the assessment being carried out it may be immediately obvious that there is no cause for concern. In the course of Pony Club activities, The Pony Club is well aware that there are different kinds of falls and that assuming every fall leads to a head injury would be counterproductive to the aims of the organisation. We ask that reasonable care is taken to ensure members / riders have not sustained a serious head injury or concussion.

c. Unconsciousness

If a member / rider is unconscious following an incident they should be treated as if they are suffering with a confirmed concussion and the steps in point f. below should be followed.

d. Who can diagnose head injury or concussion?

Diagnosis of a head injury or concussion (both confirmed and suspected) can be carried out by any level of first aid cover officiating at a Pony Club activity. These could be a trained or qualified first aider (including a coach), a paramedic or a doctor. If there is any doubt as to the diagnosis the member / rider should see the highest level of first aid cover that is present and they should make the diagnosis. If the first aid cover at the activity cannot reach a definite diagnosis then they should refer the member / rider to a hospital or a doctor off site for them to make a diagnosis.

It would be more usual for a trained or qualified first aider to say they suspect a head injury or concussion than to diagnose it themselves. If they are the highest level of first aid cover available at the activity that will mean the member / rider has to go off site to have the diagnosis made by a doctor.

The member / rider should not ride again until they have been seen by a doctor. This may mean that the rider will miss part of an activity or competition.

e. Actions to be taken in the event of a suspected head injury or suspected concussion diagnosis

If a diagnosis of a suspected concussion or head injury is made by a first aider, they should advise the parents / guardians to take the member / rider to hospital.

Any member / rider who has been diagnosed with a suspected or confirmed head injury or concussion should not be left alone and must be returned to the care of their parents / guardians where appropriate.

Once a diagnosis of suspected head injury or concussion is made by the highest level of official first aid cover present at the activity, then that

decision is final. No one may overrule that decision on the day if it is made in good faith. If a member / rider is advised to see a doctor because of suspected head injury or concussion and the parents / guardians decide not to allow the member to be examined (either at the activity or in hospital), the member will not be allowed to ride again on the day and will be treated as if they have sustained a confirmed head injury / concussion. Depending on the circumstances, the decision not to allow further examination may be considered a safeguarding issue.

Where a member / rider is diagnosed with a suspected concussion by a first aider or paramedic and that member / rider subsequently sees a doctor who is sure that they do not have a concussion and did not suffer a concussion and will provide evidence that they are satisfied that the member / rider is well, that member / rider will be treated as if they did not sustain a concussion.

f. Actions to be taken in the event of a confirmed head injury or confirmed concussion

In the event of a diagnosis of a confirmed head injury or confirmed concussion, the doctor will advise the member not to ride or take part in any activity that potentially involves hard contact for three weeks. They will advise the member that they could, after 10 days, ask a doctor, who is experienced in assessing concussion (including in children where appropriate), whether they have any concerns about any ongoing concussion problems. If that doctor is happy to certify that the member is not suffering with a concussion, the member may ride again, providing evidence regarding that decision is provided. If no evidence that such an assessment has been made, the member should not take part in any Pony Club riding activity and/or any unmounted activity that may involve any hard contact for at least three weeks after the initial injury.

g. Actions to be taken in the event of a diagnosis of a confirmed or suspected head injuries/ concussions outside of Pony Club activities

The Pony Club has no official way of automatically knowing about members who sustain a confirmed or suspected head injury / concussion outside of Pony Club activities. A concussion may be sustained outside Pony Club activities, for example at riding activities organised by other BEF member bodies or at school football / rugby / hockey matches. It is for parents / guardians ultimately to make a decision about the welfare of their child.

However, if a Pony Club official in charge of any Pony Club activity becomes aware that a member has sustained a suspected or confirmed head injury

/ concussion and has been advised not to take part in any potentially hard contact activities for three weeks, they should not allow the member to take part in any mounted activities and/or any unmounted activities that could potentially involve hard contact for three weeks, unless the member or their parents / guardians can produce appropriate medical evidence of fitness to ride dated at least 10 days after the initial injury,

SEE APPENDIX G FOR THE HEAD INJURY AND CONCUSSION FLOW CHART

12. MEDICAL SUSPENSION

If a Member has been suspended from taking part in any activity/ competition/sport for medical reasons, this suspension must apply to all Pony Club activities until such time as the Member is passed fit by a medical professional to take part. It is the Member's and parent/guardian's responsibility to ensure adherence to this rule.

Medical letters are required, following a suspension for medical reasons, to allow a Member to take part in any activity again. The letter should be issued by the either the hospital or specialist(s) involved in treating the injury, where appropriate.

13. UNSEEMLY BEHAVIOUR

Unseemly behaviour on the part of riders, parents, team officials or team supporters will be reported as soon as possible by the Official Steward to The Pony Club Office. Offenders may be penalised by disqualification of the Branch or Branches concerned for a period of up to three years. Any competitor who, in the opinion of the Official Steward, has been rude or aggressive towards any officials at a competition, or who has behaved in an aggressive or unfair manner to their horse, may be disqualified.

14. PERFORMANCE-ENHANCING DRUGS

All performance-enhancing drugs are strictly forbidden and The Pony Club supports 100% clean sport.

a. Equine - Controlled Medication

It is clearly essential for the welfare of a horse/pony that appropriate veterinary treatment is given if and when required, including appropriate medication. However, medication may mask an underlying health problem. Therefore, horses should not compete or take part in training activities when taking medication, if the combination of the medication and the activity may have a detrimental effect on the horse's welfare. Therapeutic Use Exemptions (TUE) should be confirmed in writing by a Vet.

b. Human

Performance-enhancing drugs are forbidden. The Pony Club supports the approach taken by the UK Anti-Doping Agency in providing clean sport. The Pony Club disciplinary procedures will be used where doping is suspected including reporting to the UK Anti-Doping Agency.

c. Testing

All competitors should be aware that random samples may be taken for testing from both themselves and/or their horse/pony. The protocol used will be that of the relevant adult discipline.

Competitors and their horses/ponies at national or international level may be subject to blood tests in line with the Sports Council Policy on illegal and prescribed substances. All young people competing at these levels should be aware of this.

Reporting

(i) Anyone who has reasonable grounds for suspecting that a Member is using or selling an illegal substance must report their concerns to the District Commissioner/Centre Proprietor as soon as practicable. If there is an immediate risk to the health, safety or welfare of one or more Members then the Police must be informed as soon as possible. The person reporting their concerns must ensure that any material evidence is retained

(ii) Upon receiving a report of suspected use or selling of an illegal substance, the District Commissioner/Centre Proprietor should carry out an immediate investigation of the incident and the circumstances in which it occurred, and then decide upon the appropriate action to be taken. This will include:

- ▶ Informing the Member's parents/guardians
- ▶ Informing The Pony Club Area Representative who in turn will inform The Pony Club Office
- ▶ Informing the Police
- ▶ Suspending the Member concerned while investigations are completed
- ▶ Awaiting the completion of Police investigations and actions

Disciplinary Action

The normal disciplinary procedure should be followed in cases relating to alcohol or drugs, which can be found in The Pony Club Handbook.

For more information, please refer to the Welfare of Horses and Ponies at

15. DISQUALIFICATION

The Official Steward or Chief Judge may disqualify a competitor at any stage of the competition

- a. for dangerous riding, or
- b. if, in his opinion, the horse is lame, sick or exhausted, or
- c. for misuse of whip, spur or bit, or ill-treatment of the horse, or
- d. for any breach of the rules, or
- e. for unseemly behaviour, including bad language.

Use of the whip

At all times, the whip must only be used:

- ▶ For a good reason, as an aid to encourage the horse forward or as a reprimand.
- ▶ At an appropriate time, namely when the horse is reluctant to go forward under normal aids of seat and legs or as a reprimand immediately after a horse has been disobedient.
- ▶ In the right place, namely down the shoulder or behind the leg but never overarm.
- ▶ With appropriate severity.
- ▶ No more than twice for any one incident.

Excessive use of the whip anywhere at the event will result in disqualification:

- ▶ Use of the whip to vent a competitor's anger is always excessive.
- ▶ Use of a whip which causes injury eg. Broken skin or a weal, is always excessive.
- ▶ Use after elimination or retirement is always excessive.
- ▶ Use on a horse's head, neck etc. is always excessive.
- ▶ Using the whip from the ground after a rider fall or dismount is always excessive.
- ▶ If the rider's arm comes above the shoulder when using the whip, this is always excessive.

16. COMPULSORY RETIREMENT

At PC90, PC100, **PC Chairman's Cup** and PC110 competitors incurring

more than 24 jumping penalties in the Show Jumping phase will incur Compulsory Retirement and will not be allowed to go Cross Country, but competitors eliminated for technical reasons (starting before the bell, error of course etc) may do so at the discretion of the Official Steward. At PC70 and PC80, competitors may continue at the discretion of the Official Steward. An accumulation of four refusals on the Cross Country course at PC90, PC100 and PC110 incurs Elimination, but at PC70 and PC80, competitors may be allowed to continue their Cross Country round at the discretion of the Official Steward.

17. DIRECTIONS FROM OFFICIALS

Competitors and their supporters must, under penalty of elimination or disqualification, obey any order or direction given to them by any official and they must, in particular, be careful not to do anything liable to upset or hinder the undisturbed progress of the competition.

18. SPONSORSHIP

In the case of competitors and horses, no form of advertising, and this includes a sponsor's name, may appear on the competitor's or horse's clothing and equipment at any Pony Club competition, other than branding, which must be on the left leg of the rider's breeches and not be longer than 20 cms or wider than 4cm.

This does not preclude the wearing of clothing for horses or riders that has been presented by sponsors of the Championships in the current or previous years. Sponsors at Area Competitions must not be business competitors of the main sponsors of the discipline, and must be approved by The Pony Club Office.

Any advertising material that is used by sponsors, whether it be in the form of display banners or programme material, must be tasteful, and not inappropriate to the image of The Pony Club.

19. HEALTH & SAFETY

Organisers of this event have taken reasonable precautions to ensure the health and safety of everyone present. For these measures to be effective, everyone must take all reasonable precautions to avoid and prevent accidents occurring and must obey the instructions of the organisers and all the officials and stewards.

Legal Liability

Save for the death or personal injury caused by the negligence of the

organisers, or anyone for whom they are in law responsible, neither the organisers of this event or The Pony Club nor any agent, employee or representative of these bodies, nor the landlord or his tenant, accepts any liability for any accident, loss, damage, injury or illness to horses, owners, riders, spectators, land, cars, their contents and accessories, or any other person or property whatsoever. Entries are only accepted on this basis.

20. LONE COMPETITORS

Competitors attending a competition on their own must inform the Secretary and provide Emergency Contact Details and location and details of their horsebox.

21. DESTRUCTION OF SEVERELY INJURED HORSES

If in the opinion of the Official Veterinary Surgeon a horse is so severely injured that on humanitarian grounds it ought to be destroyed, the following procedure will apply.

If the owner or his authorised representative is present, the Official Veterinary Surgeon will first obtain his agreement. If the owner or his representative is not available, the Official Steward, acting on the advice of the Official Veterinary Surgeon, may order the destruction of a horse.

NB: Owners should be aware - that this Rule is slightly at variance with The Protection of Animals Act 1911 Section 11, which states that, in the absence of the owner, a Police Constable acting on the advice of a registered Veterinary Surgeon may order the destruction of a horse. This Rule is framed to avoid unnecessary suffering to a severely injured horse.

22. VACCINATION

A valid passport and vaccination record:

- ▶ must accompany the horse/pony to all events
- ▶ must be available for inspection by the event officials
- ▶ must be produced on request at any other time during the event

All ponies/horses must be compliant with the current Pony Club minimum vaccination requirements - please see the website for the current rule.

Note: Events that are held at other venues may be subject to additional specific rules. For example, any horse/pony entering a Licensed Racecourse Property must comply with the Vaccination requirements as set by the British Horseracing Authority. Similar restrictions apply in the cases of certain polo venues. If you are intending to compete under FEI Rules you

will need to ensure you are compliant with those Rules.

23. ORDER OF STARTING

The order of starting shall be drawn after entries have been received. This order shall be maintained throughout each part of the competition. The timetable should be regarded as a guide only and competitors who are not ready to start any phase in their turn may be eliminated.

24. INTERVAL BETWEEN PHASES

No horse shall be required to start the next phase less than 30 minutes after completing the previous phase.

25. EXERCISE

- a. Competitors may exercise their horses only in the areas provided. They must not exercise in the car or horsebox park or among spectators. They must not enter or practise in the Competition Dressage arenas, the Show Jumping arena or on the Cross Country course on penalty of elimination.
- b. On the day of the competition, horses competing may be ridden only by their designated riders or, in exceptional circumstances and only with the permission of the Official Steward, by another member of the same team.
- c. Lungeing of a horse is only permitted in areas designated by the organiser who may also prohibit it completely at their discretion. If allowed, lungeing may be carried out by either the rider or other persons. Lungeing of a horse and rider is prohibited.
- d. Whether competing or not, whilst exercising any horse at a Pony Club competition it is permissible to use only the saddlery allowed under the Rules.
- e. When riding-in, especially in restricted areas, riders should pass left hand to left hand; they should not pass so close as to upset another horse.
- f. Tack adjustments should be made in a safe area without causing an obstruction.
- g. Trainers and other pedestrians should endeavour to stand out of the way of competitors.

26. RAPPING

Rapping at or anywhere in the vicinity of the event is strictly prohibited.
Definition of Rapping: Raising, throwing or moving a pole, stick, rope or other object against one or more of the legs of a horse while it is jumping an obstacle, so that the horse in either case is induced to raise such leg or legs higher in order to clear the obstacle.

27. STALLIONS

Stallions may only be ridden with the written permission of the District Commissioner and must wear identifying discs on their bridles in the interest of safety.

28. DRESSAGE

a. The Test

- i. For Area Qualifiers and the Championships please refer to the table below.

Level	Area	Championships
PC70 Regional Championships	Preliminary PC70 Test 2022	Preliminary PC70 Test 2022
PC80 Regional Championships	Grassroots PC80 Test 2018	Grassroots PC80 Test 2018
PC90	PC90 Eventing Test 2013	PC90 Eventing Championship Test 2015
PC100	PC100 Eventing Test 2015	PC100 Eventing Championship Test 2013
PC Chairman's Cup	PC110 Eventing Test 2022	PC110 Eventing Championship Test 2015
PC110	PC110 Eventing Test 2022	PC110 Eventing Championship Test 2015

- ii. Where competitions are running in conjunction with BE events the relevant BE dressage test may be used with permission from The Pony Club Eventing Chairman.
- iii. For all Branch and local Events, The Pony Club Introduction to

Dressage Test 2019 or the Grassroots PC80 Test 2018 may also be used.

- iv. The Pony Club Tests are all shown in Appendix D.
- v. The arenas shall be either wholly or partly boarded at the discretion of the Organiser.
- vi. The tests are to be ridden from memory. At PC80, PC90, PC100, PC Chairman's Cup and PC110, commanders are not allowed, but tests may be commanded at PC70. There are no time limits.

b. Execution of the Test

All movements must follow in the order laid down in the Test. In a movement that must be carried out at a certain point of the arena, it is at the moment when the rider's body is above this point that the movement must be executed. All tests should be ridden with both hands except where stated otherwise on the Test Sheet.

All trot work may be executed sitting or rising at the discretion of the rider.

c. Entering the arena

No horse either ridden or led may enter any arena, other than the practice arena, except when actually competing, on penalty of elimination. Competitors must not enter the arena until the Judge has sounded the horn, rung the bell or signified in some other way that he may start. Entering before the Judge's signal may lead to elimination. Should the construction of the arena make it impossible for the competitor to ride round the outside before the Judge's signal to enter is sounded, he may, on the instruction of the Organiser and/or Judge, ride inside the arena.

d. Salute

All riders must take the reins and whip, if carried, in one hand when saluting and drop the other hand down by the side and bow with their head only.

e. Dismounting and fall of Horse and/or Rider

If, after the rider has entered the arena, he dismounts without a reason acceptable to the Judges, no marks will be given for the movement.

In the case of a fall of horse and/or rider, the competitor will not be eliminated, but will be penalised by the effect of the fall on the execution of the movement concerned and in the collective marks. At Area and Championship level a fall of horse and/or rider in the arena will result in the competitor being eliminated from the competition.

If the fall of horse and/or rider occurs in the warm up arena the rider must

be checked by the paramedic/doctor at the event before being allowed to continue. If the horse falls, the horse must be checked by a vet before being allowed to continue. If a vet is not present the horse must be checked by the Official Steward before being allowed to continue.

f. Resistance

- i. Any horse failing to enter the arena within 60 seconds of the bell being sounded will be eliminated.
- ii. Any horse refusing to continue the test for a period of 20 consecutive seconds during the course of a test will be eliminated.

g. Grinding of teeth and tail swishing

Grinding the teeth and swishing the tail are signs of nervousness, tenseness, or resistance on the part of the horse and can be taken into account by the Judges in their marks for the movements concerned, as well as in the appropriate collective mark at the end.

h. Assistance

- i. **The Voice** – The use of the voice is prohibited and will be penalised by the loss of two marks from those that would have been awarded for the movement in which this occurs.
- ii. **Outside** – Any outside assistance by voice, signs, etc., is considered as assistance to a rider or to his horse. A rider or horse receiving assistance will be eliminated.

i. Leaving the Arena

A horse is eliminated if, during a Test, it leaves the arena when the surround is 23cm (9") high or more. Where the surround is less than 23cm (9") and is marked by boards or similar, no marks shall be given for the movement when the horse places all four feet outside the arena. Where the arena is marked only by a line or intermittent boards, it is left to the discretion of the Judge(s) as to the marks deducted. Any horse leaving the arena not under control will be eliminated and, for this purpose, the Test begins when the horse enters at 'A' and finishes with the final halt. Competitors should leave the arena at a convenient place in free walk on a long rein.

j. Errors of Course or Test

When a competitor makes an 'error of course' (takes a wrong turn, omits a movement etc) the Judge warns him by sounding the bell. The Judge shows him, if necessary, the point at which he must take up the test again and the next movement to be executed, then leaves him to continue by

himself. However, in some cases when, although the competitor makes an 'error of course', the sounding of the bell would unnecessarily impede the fluency of the performance, it is up to the Judge to decide whether or not to sound the bell. In fairness to the competitor, it is recommended that the bell should be rung when a movement is executed at the wrong marker if there is the possibility of a similar mistake when the movement is to be repeated on the other rein.

If the Judge for any reason does not realise that one or more movements have been omitted until the competitor has left the arena he must: -

- i. Adjust as necessary the position of his marks and comments on his sheet to accord with the movements actually performed.
- ii. Give to each of the movements not executed a mark equal to the average of the collective marks entered at the bottom of his sheet (averaged to the nearest whole number, 0.5 to be rounded up).
- iii. Record the penalty for error of course. When the rider makes an "error of the Test" (e.g. does not take the reins in one hand at the salute, etc) they must be penalised as for an "error of course". The Judge should put a star against the movement concerned and mark for an error at the bottom of the sheet.

k. Penalties for Error of Course or Test

Every "error of the course", whether the bell is sounded or not, must be penalised:

- ▶ **First Error**
2 marks
- ▶ **Second Error**
4 marks
- ▶ **Third Error**
8 marks
- ▶ The points deducted are cumulative; after three errors of course 14 points are deducted.
- ▶ **Fourth Error**
Elimination
- ▶ After the fourth error the competitor may continue his performance to the end, the marks being awarded in the ordinary way.

l. Riding the Wrong Test

A rider who starts the wrong test for the class may be allowed to restart the test (at the Judge's discretion) subject to time at the end of the class. They will be penalised for a first error of course.

m. Penalties for Contravening the Rules

Contravention of the rules will incur elimination. Under certain circumstances, instead of elimination, the following penalties may be deducted

- ▶ Entering the Dressage Arena with a whip (when not permitted): 6 Penalties per Judge.
The Judge will stop the test and continue it after the whip has been discarded.
- ▶ Entering the Dressage Arena with Horse wearing Boots or Bandages: 6 Penalties per Judge.
The Judge will stop the test and continue it after the boots and bandages have been removed.
- ▶ Minor breaches of the Dress Rules (not wearing gloves, horse wearing a tail bandage): 2 Penalties per Judge.
- ▶ Entering the Arena before the Judge's signal: 2 Penalties per Judge

n. Time

The approximate time given on each Test Sheet is for guidance only; there are no penalties for exceeding it.

o. Lameness

In the case of marked lameness, the Judge informs the rider that he is eliminated. There is no appeal against this decision. If there are any doubts as to the soundness of a horse, the competitor will be allowed to complete the test and any unevenness of pace will be severely penalised. The competitor will then be referred to the Official Steward.

p. Dressage Scoresheets

Dressage scoresheets may be handed out once the dressage penalties for all competitors in the class have been calculated. It is important that this is done in good time so that any errors can be rectified before prizegiving.

q. Scale of Marks

The scale of marks is as follows:

- ▶ 10 Excellent
- ▶ 9 Very good
- ▶ 8 Good
- ▶ 7 Fairly good
- ▶ 6 Satisfactory

- ▶ 5 Sufficient
- ▶ 4 Insufficient
- ▶ 3 Fairly bad
- ▶ 2 Bad
- ▶ 1 Very bad
- ▶ 0 Not executed*

* 'Not executed' means nothing that is required has been performed.

The marks 10 and 0 must be awarded where the performance warrants their use. Half marks are allowed.

r. Scoring

- i.** The Judge's 'good marks' (from 0 to 10) are added together, then penalties for any error are deducted to give a final total of good marks.
- ii.** The percentage of maximum possible good marks available is then calculated. This value is shown as the individual mark for that Judge. In order to convert the percentage into penalty points, it must be subtracted from 100 with the resulting figure being rounded to one decimal digit. The result is the score in penalty points for the test.
- iii.** When there is more than one Judge, the resulting totals are then averaged.

s. Dressage Judges

- ▶ At PC110 Area competitions Dressage Judges will be taken from Lists 1–5.
- ▶ At **PC Chairman's Cup** and PC100 Area Competitions Dressage Judges will be taken from Lists 1–6.
- ▶ At PC90, PC80 and PC70 (Regional) Area Competitions Dressage Judges will be taken from Lists 1–6, or may be British Eventing Accredited Trainers or riders who have competed at British Dressage Medium or BE Advanced/FEI**** levels and above, and who have had experience of judging at Pony Club. BD Trainee Judges are also acceptable at PC90, PC80 and **PC70** Regional level.

29. SHOW JUMPING

a. The Test

The test consists of one round of the course, judged under the Rules of The Pony Club Show Jumping, amended where applicable. There is no jump-off.

b. The Warm-Up

- i.** The Course Builder is responsible for ensuring that a minimum of one upright and one spread obstacle is provided in each practice area. If space allows, there should also be a cross pole.

These obstacles are intended for warming up purposes prior to competing. They are not to be used for prolonged schooling by competitors or others immediately before, during or after a competition.

- ii.** All elements of practice obstacles must be capable of being knocked down in the normal manner and must not be fixed, jammed or positioned in a manner which prevents or hinders them from falling. One pole only may be laid flat on the ground at the ground line vertically below the front edge of the first element of the obstacle or up to 1m (3' 3") in front and parallel to it on the take-off side. At least one end of any other pole or plank forming part of a practice obstacle must be supported by a standard cup or fitting. Sloping poles are permitted on straight obstacles and on the front element only of spread obstacles but the unsupported end of this sloping pole must rest at or in front of the ground line. False ground lines are not allowed. Alternate sloping top poles are not to be used.
- iii.** Safety Cups are compulsory for all Pony Club Jumping Competitions on the back rails of spread fences and middle and back rails of triple bars. This includes practice fences in the collecting ring. These cups must be in use at all times and must NOT be removed from the wing stands.
- iv.** Practice spread obstacles must not be jumped with a front pole higher than the rear pole.
- v.** No pole or obstacle of any kind is to be held by hand for a horse to jump.
- vi.** Practice obstacles are to be jumped in one direction only. The direction in which the obstacle is to be jumped must be indicated with red and white flags or by red and white supports. The red flag or support must always be passed on the rider's right-hand side and the white flag or support on his left.
- vii.** The height of practice obstacles must not exceed the maximum height of obstacles allowed by the Rules for the competition in progress.

Examples of practice showjumping fences that are not allowed

Held by hand

Neither end of cross pole supported by standard cup or fitting

Top end of sloping pole higher than horizontal pole

Pole on ground forming false ground line

Front element higher than rear element

Neither end of sloping poles is supported by standard cup or fitting

Top end of sloping poles higher than horizontal pole and not supported by standard cup or fitting in the usual manner

Alternate sloping poles, eg. St Andrews Cross

c. The Course

The course shall consist of not less than 7 nor more than 10 numbered obstacles, at least three of which shall be spreads. A combination must be included. The dimensions for the various Levels are given in the Table on page 5.

PCT10 Area Competitions: A water tray may be included in one fence. There will not be an open water.

PC110 Championships: no obstacle shall exceed 1.15m in height or 1.25m spread at the highest point and 1.50m at the base except for a jump incorporating a water tray which must have at least two rails over it and may have up to 2.15m of spread. When the PC110 Championships is run in conjunction with a BE National or International Event there may be slight modification to both the Show Jumping and Cross Country dimensions and distances. Please see current BE/FEI Rules.

PC Chairman's Cup Championship: no obstacle shall exceed 1.10m in height or 1.15m in spread at the highest point and 1.40m at the base. The course will include one double and a further double or treble combination.

d. Safety Cups

Safety Cups are now compulsory for all Pony Club Jumping Competitions on the back rails of spread fences and middle and back rails of triple bars. This includes practice fences in the collecting ring. These cups must be in use at all times and must NOT be removed from the wing stands.

e. All plastic covered poles must have a wooden core to ensure that they are the same weight as a painted timber pole.

f. Penalties

- ▶ **Knocking down obstacle**
4 penalties
- ▶ **First disobedience of horse**
4 penalties
- ▶ **Second disobedience of horse in whole course**
8 penalties
- ▶ **Third disobedience of horse in whole course**
Elimination
(Each circle or crossing tracks between fences counts as one disobedience)
- ▶ **First fall of rider**
Elimination
- ▶ **Fall of Horse**
Elimination
- ▶ **Error of course not rectified**
Elimination
- ▶ **Failure to jump next fence within 60 seconds**
Elimination
- ▶ **Failure to cross the finish line mounted**
Elimination
- ▶ **Starting before the Bell**
Elimination

- ▶ **Every commenced second in excess of Time Allowed**
1 penalty
- ▶ **Exceeding the Time Limit (twice the Time Allowed)**
Elimination
- ▶ **Exceeding 24 penalties (not including time)**
Compulsory retirement

(Enforced at end of round)

At PC90, PC100, **PC Chairman's Cup** and PC110, competitors incurring more than 24 Show Jumping penalties will not be allowed to go Cross Country. Competitors at PC70 and PC80 may be allowed to do so only at the discretion of the Official Steward.

At all Levels, competitors eliminated for technical reasons (e.g., starting before the bell or an error of course) may be allowed to go Cross Country at the discretion of the Official Steward.

Time Penalties

When an obstacle is displaced as the result of a disobedience or fall: 6 seconds.

The bell is rung and the clock is stopped immediately, the rider may not continue until the bell is rung a second time. The clock is restarted at the moment when the horse takes off or attempts to take off at the obstacle where the refusal occurred. If a disobedience occurs at the second or subsequent part of a combination the clock is restarted when the horse takes off or attempts to take off at the first element of the combination.

Time penalties are added to the time taken to complete the round before the calculation of any time faults.

g. Timing

If the timing equipment permits, the 45 second count-down may be used according to BS Rules. It should however be explained over the public address before starting and at intervals during the first round.

h. Adjustment of Saddlery or Dress and Outside Assistance

Jumping or attempting to jump any obstacle or passing through the finish without a hat, or with the chin strap incorrectly fastened incurs elimination unless the Judge decides that the competitor was so far committed to jumping the obstacle at the moment when the chin strap came undone that he could not be expected to pull up before attempting the obstacle. In the case of adjustment to hat, chin strap, or saddlery becoming necessary

during the round, for safety reasons outside assistance may be given. The clock will NOT be stopped and faults will be given as for a resistance (ceasing to go forward). If it becomes necessary for the rider to dismount, faults will be given as for a fall, ie. Elimination

i) Falls

- i.** A horse is considered to have fallen when the shoulder and quarters on the same side touch the ground or touch the obstacle and the ground simultaneously.
- ii.** A rider is considered to have fallen when there is separation between him and his horse that necessitates remounting or vaulting into the saddle.
- iii.** If the fall of horse and/or rider occurs in the warm up area the rider must be checked by the paramedic/doctor at the event before being allowed to continue. If the horse falls, the horse must be checked by a vet before being allowed to continue. If a vet is not present the horse must be checked by the Official Steward before being allowed to continue.

j. Inspection of the Course

The course must be ready for inspection by competitors at least one hour before the commencement of the Show Jumping.

k. Plan of the Course

A plan of the course must be displayed by the time the course is ready for inspection, showing:

- i.** The course to be followed and its length
- ii.** The Time Allowed and the Time Limit.

l. Scoring

Any jumping and time penalties will be added together to give the competitor's penalty points for this phase.

30. CROSS COUNTRY

At PC70 Area level, if there is no cross-country course available, working pony or knock down cross-country fences (i.e., Jump4Joy) may be used provided they are in an open field/fields and not in an indoor/outdoor arena or other confined space. There will be no penalties for any knock down fences.

a. The Course

The length of the course and number of jumping efforts will vary according to the Level. Please refer to the Table on page 7 for further details.

b. Inspection of The Course

- i.** All Branch and Area Competitions – The cross-country course must be completed and ready for inspection by competitors, on foot only, by 2pm on the day preceding the Cross Country Test.
- ii.** The Championships – The Cross Country course will be ready for inspection by competitors, on foot only, by 2pm on the day preceding the Cross Country Test. The Cross Country course may be open before this time but competitors must be aware that alterations may still be made.
- iii.** Unauthorised alteration to or tampering with obstacles, direction flags or stringing and foliage on the course is strictly forbidden and will be penalised by elimination.
- iv.** Plan or Map of the Course - A plan of the course must be displayed by the time it is open for inspection. It must include:
 - ▶ The course to be followed and its length
 - ▶ The Time Allowed and the Time Limit
 - ▶ The numbering of the obstacles
 - ▶ Obstacles having 'L' or black line Alternatives
 - ▶ Any compulsory turning points
 - ▶ Any hazards

c. Modification of the Course

- i.** Before the Test Starts – After the course is opened for inspection by competitors at 2pm on the day before the Cross Country Test, no alteration may be made, except that, where exceptional circumstances (such as heavy rain) make one or more obstacles unfair or dangerous, the Official Steward is authorised to reduce the severity of or to by-pass such obstacles. In such a case the Cross Country Steward and every competitor must be officially and personally informed of the proposed alteration before the start of the Test. An official may be stationed at the place where an alteration has been made, in order to warn the competitors.
- ii.** During the Test – NO modification to the obstacles is allowed but, if it is necessary in the interests of safety to order an obstacle to be

by-passed during the competition, all jumping faults previously incurred at that obstacle shall be cancelled with the exception of eliminations. A time allowance may be made at the discretion of the Official Steward. A competitor who has been eliminated shall NOT be re-instated in the competition. Once taken out, the obstacle shall NOT be re-introduced.

d. Marking the Course

Boundary Flags – Red and white boundary flags or indicators are used to mark the start and finish and compulsory sections of the course, to define obstacles and to indicate compulsory changes of direction. They are placed in such a way that a rider must leave a red flag on his right and a white flag on his left. Such red or white flags or indicators must be respected, under penalty of elimination, wherever they may occur on the course, whether singly or in pairs. Only obstacles which are numbered and marked by two boundary flags are judged as obstacles. All boundary and turning flags must be in position prior to 2pm on the day preceding the Cross Country phase.

All fences immediately adjacent to those that are included in the course should be crossed flagged to ensure the safety of Members and Spectators.

Direction Markers (Yellow or Orange) are placed so as to mark the route and help the rider in keeping to the course. They may be passed on either side and keeping close to them is not necessary. Boundary flags and direction markers shall be large and placed in conspicuous positions. Compulsory Turning Flags may be used only if absolutely necessary and will have the Red Flag on the right and the White on the left. They should be marked on the Plan of the Course.

Black Line Flags (a black line on red and white boundary flags) are used to show that an obstacle, either single or made up of several elements, has an alternative route which may be jumped without penalty. Both sets of flags will be marked with a black line. A competitor is permitted to change without penalty from one black line flagged route to another (e.g. jumping 9A left hand route then 9B right hand route) provided he has not presented his horse at the next element of the original line. After having negotiated all other elements, passing around the last element to be jumped will not be penalised.

The use of 'L' fence alternatives at PC110 is not encouraged at Area Competitions and the Championships, with instead more appropriate use of Black Flag / Long Route alternatives. Black flag alternatives should be sufficient in length to affect the time. **At PC70, PC80 and PC90 level "L" fences can be used to ensure that the course is of sufficient standard**

as an Area/Championship Test, while enabling the less experienced to complete their rounds. "L" fences may also be used at PC100 and PC Chairman's Cup level.

'L' markers are used to denote an easier alternative to the 'Main' obstacle, to help the less experienced to complete the Cross Country phase. All 'L' obstacles will be marked with red and white boundary flags and with a marker having a red 'L' on a white background beneath the fence number. Jumping an 'L' fence incurs 15 penalties. See rule 32 p) Alternative 'L' Obstacles.

e. Starting

At Area Competitions and the Championships, competitors must start from within a simple enclosure erected at the start and made of wooden posts and wooden or plastic rails measuring approximately 5m (16ft) square, with an open front marked with a red and a white flag. If this enclosure has an entrance at the side, this must be approximately 2m wide and should be padded or constructed in such a way that neither horse nor rider entering through the side can be injured. At Branch events red and white boundary flags on their own may be used at the discretion of the Organiser. A competitor may only start when given the signal to do so by the starter. The starter will count down from five before giving the signal to start and the competitor may move around the enclosure as he pleases. A competitor who starts early will have his time recorded from the moment he starts. Deliberately starting early or cantering through the start may incur elimination at the discretion of the Official Steward. If the horse fails to cross the start line within 2 minutes of the signal being given, the competitor is eliminated. Assistance within the starting enclosure is permitted, provided it ceases immediately the signal to start is given. From that instant, the competitor is considered to be on the course and any subsequent assistance is forbidden.

If a horse is lead into the start box the handler must wear protective headgear and gloves. Slip leads should be used, not metal clips.

f. Timekeeping

Time is counted from the signal to start until the instant when the horse's nose passes the finishing post. It is counted in whole seconds, fractions being taken to the next second above, e.g. 30.2secs. is recorded as 31secs. When it is necessary for an official to stop a competitor on the course while an obstacle is being repaired or because of an accident, the period during which a competitor is held up will be recorded by the Fence Judge and deducted from his overall time to give his correct time for completing the course.

g. Speed and Pace

Throughout the event, competitors are free to choose the pace at which they ride. They should, however, always take account of the requirements of each phase, the prevailing conditions and terrain, the fitness and ability of themselves and their horse and all other factors which may be relevant to the welfare of both Horse and rider. On the cross country course, they must also have regard to and respect the class speed, the optimum and 'too fast' times.

Deliberately slowing down near the end of the course to avoid time penalties is likely to incur a disciplinary sanction. **This includes slowing to a trot or weaving before the finish.**

At PC90 the Optimum Time for completing the course is calculated on a speed of 450mpm, at PC100 and **PC Chairman's Cup** it is calculated on a speed of 475mpm, at PC110 it is 520mpm. Exceeding the Optimum Time in PC90, PC100, **PC Chairman's Cup** and PC110 incurs 0.4 penalty points for every commenced second over the Optimum Time up to the Time Limit, which is twice the Optimum Time.

At PC70 and PC80 competitions an Optimum Time based on a speed of 435mpm will be used. No time penalties will be awarded for going too slowly.

Penalties will also be awarded in each case for going too fast. At all levels (PC70, PC80, PC90, PC100, **PC Chairman's Cup** and PC110) completing the course in more than 15 seconds under the Optimum Time incurs 0.4 penalties for every second commenced.

h. Penalties

- ▶ **First refusal, run out or circle of horse at obstacle**
20 penalties
- ▶ **Second refusal, run out or circle at same obstacle**
40 penalties
- ▶ **Third refusal, run out or circle at same obstacle**
Elimination
- ▶ **Jumping the Alternative 'L' Obstacle**
15 penalties

(The above penalty points are cumulative)

- ▶ **Four refusals around the course***
Elimination
- ▶ **In PC110 three refusals around the course**
Elimination

- ▶ **Fall of horse**
Elimination
- ▶ **Fall of rider anywhere on the course**
Elimination
- ▶ **Error of Course not rectified**
Elimination
- ▶ **Omission of obstacle or boundary flag**
Elimination
- ▶ **Horse trapped in obstacle**
Elimination
- ▶ **Jumping obstacle in wrong order**
Elimination
- ▶ **Re-taking, in whatever direction, an obstacle already jumped**
Elimination
- ▶ **Jumping fence marked with crossed flags**
Elimination
- ▶ **Horse resisting rider for 2 consecutive minutes anywhere on the course, including after being given the signal to start**
Elimination
- ▶ **Every commenced period of 1 sec in excess of the Optimum Time (PC90, PC100, PC Chairman's Cup and PC 110)**
0.4 penalties
- ▶ **For every second in excess of 15 seconds under the Optimum Time (PC70, PC80, PC90, PC100, PC Chairman's Cup and PC 110)**
0.4 penalties
- ▶ **Exceeding the Time Limit (twice the Optimum Time)**
Elimination
- ▶ **Deliberately slowing down near the end of the course**
5 penalties
- ▶ **Continuing the course without a hat, or with chinstrap undone**
Elimination

A competitor who deliberately starts before the Starter's signal or who canters through the Start will be subject to Discretionary Elimination by the Official Steward.

*Competitors at PC70 and PC80 only may sometimes be allowed to continue after the fourth cumulative refusal at the discretion of the Official Steward.

PC70 and PC80 competitors receive no time penalties for being too slow. Competitors will be eliminated for exceeding the time limit of the course.

i. Definition of Faults

Faults (refusals, run-outs, circling and falls) will be penalised only if, in the opinion of the Fence Judge concerned, they are connected with the negotiation or attempted negotiation of a numbered or lettered obstacle. Penalties incurred at an obstacle are cumulative (i.e. two refusals incurs 20 + 40 = 60 penalties).

Examples of Refusals, Run-outs, Circles (diagrams 1 - 10) and Blacklined Fences (11 & 12)

<p>1</p>  <p style="text-align: center;">NO PENALTY Not Presented Initially</p>	<p>2</p>  <p style="text-align: center;">60 PENALTIES Presented & Refused / Run Out</p>	<p>3</p>  <p style="text-align: center;">NO PENALTY Not Presented at 17</p>
<p>4</p>  <p style="text-align: center;">60 PENALTIES Presented at 17</p>	<p>5</p>  <p style="text-align: center;">NO PENALTY Not Presented at 17 Initially</p>	<p>6</p>  <p style="text-align: center;">60 PENALTIES Circled</p>

<p>10</p>  <p style="text-align: center;">60 PENALTIES Circled</p>	<p>11</p>  <p style="text-align: center;">NO PENALTY Not Presented at Other Alternative</p>	<p>12</p>  <p style="text-align: center;">NO PENALTY Alternative Route Taken</p>

- i. Refusal** – At obstacles or elements exceeding 30cms in height: A horse is considered to have refused if it stops in front of the obstacle or element to be jumped. If a horse then jumps from a

standstill this is considered a refusal and incurs 20 penalties. After a refusal, if the competitor redoubles or changes his efforts without success, or if the horse is re-presented at the obstacle and stops or steps back again, this is a second refusal (40 penalties). A third refusal at the same obstacle incurs elimination.

- ii. Refusal** – At all other obstacles or elements less than 30cm in height:

A horse is considered to have refused if it stops in front of the obstacle or element to be jumped. A stop followed immediately by a standing jump is not penalised, but if the halt is sustained or in any way prolonged, this constitutes a refusal. The horse may step sideways but if he steps back with even one foot, this is a refusal. After a refusal, if the competitor redoubles or changes his efforts without success, or if the horse is re-presented at the obstacle after stepping back and stops or steps back again, this is a second refusal and so on.

- iii. Run-out** – A horse is considered to have run out if it avoids an obstacle to be jumped and runs out to one side or the other.

A horse will be considered to have cleared a fence when the head, neck and both shoulders of the horse pass between the extremities of the element or obstacle as flagged.

- iv. Circle** – A horse is considered to have circled if it crosses its original track from whichever direction while negotiating or attempting to negotiate the obstacle, or any part thereof. If after completing the negotiation of all elements of an obstacle, a horse's exit track from that obstacle crosses its approach track to that obstacle, the horse is not considered to have circled, and will not be penalised. If a horse completes a circle while being re-presented at the obstacle after a refusal, run-out or fall, it is penalised only for the refusal, run-out or fall. A competitor may circle without penalty between two separately numbered obstacles even if they are quite close together, provided he clearly does not present his horse in an attempt to negotiate the second obstacle after jumping the first. However, if two or more elements of an obstacle are lettered A, B or C, (i.e. are designed as one integral test) any circling between these elements will be penalised. Except, at an obstacle where any of the elements is black flagged, after having negotiated all other elements passing around the last element to be jumped will not be penalised.

- v. Fall of Rider** – A rider is considered to have fallen when he is separated from his horse in such a way as to necessitate remounting or vaulting into the saddle.

- vi. Fall of Horse** – A horse is considered to have fallen when the shoulder and quarters at the same time have touched either the

ground or the obstacle and the ground, or when it is trapped in a fence in such a way that it is unable to proceed without assistance or is liable to injure itself.

- vii. Knocking down a fence flag** – There is no penalty for knocking down a fence (boundary) flag. But if in the process the horse's head and shoulders pass the wrong side of the flag, i.e. to the left of the white or to the right of the red, the competitor must retake the fence and shall be debited the penalties for the run-out(s). Competitors may ask if they have to re-take the fence, and the Fence Judge is obliged to tell them. This is not considered 'forbidden assistance'. Flags do not have to be replaced by Fence Judges, but riders may request that flags are replaced. The time will not be stopped for competitors during replacement of a flag.
- viii.** There is no penalty for jumping a fence not on the course but the penalty for jumping a fence marked with crossed flags is elimination.

ix. Overtaking

Any competitor who is about to be overtaken by a following competitor must quickly clear the way. Any competitor overtaking another competitor must do so only at a safe and suitable place. When the leading competitor is before an obstacle and about to be overtaken, he must follow the directions of the Fence Judge. When the leading competitor is committed to jumping an obstacle, the following competitor may only jump that obstacle in such a way that will cause no inconvenience or danger for either. The penalty for wilful obstruction of an overtaking competitor, or failure to follow the instructions of the Fence Judge, or causing danger to another competitor, is elimination at the discretion of the Official Steward.

j. Competitor in Difficulty at an Obstacle

A competitor in difficulty or likely to cause an obstruction must give way to the following horse by quickly moving away from the front of the obstacle. If, in attempting to negotiate an obstacle, a horse should be trapped in such a way that it is liable to injure itself or be unable to proceed without assistance, the competitor will be instructed to dismount and will be eliminated.

k. Stopping Competitors

If any part of an obstacle is obstructed by a competitor in difficulty, or if any obstacle has been dismantled to release a fallen horse, or if an obstacle has been broken and is not yet rebuilt, or in any other similar circumstances, any competitor approaching the jump, and any subsequent competitors,

must be prepared to stop on the instructions of the Fence Judge, who will wave a flag at waist height in the path of the oncoming competitor. The time during which the competitor is stopped will be noted by the Fence Judge and will be deducted from the time taken to give his correct time for completing the course.

Failure to stop is penalised by disqualification at the discretion of the Official Steward.

I. Forbidden Assistance

Outside assistance is forbidden under penalty of elimination. Any intervention by a third party, whether solicited or not, with the object of facilitating the task of the competitor or of helping his horse, is considered forbidden assistance. If, in the opinion of the Official Steward, the assistance was unsolicited and the competitor gained no advantage then no penalty will apply.

In particular the following are forbidden:–

- i.** to intentionally join another competitor and to continue the course in company with him.
- ii.** to post friends at certain points to call directions or make signals in passing.
- iii.** for anyone at an obstacle actively to encourage the horse or rider by any means whatsoever.
- iv.** to be followed, preceded or accompanied on any part of the course by any other person
- v.** to receive any information, by any means whatsoever, about the course before it is officially open to the competitors.
- vi.** for a fence Judge or official to call back or assist a competitor by directions to rectify an error of course.

EXCEPTIONS: Whips, headgear or spectacles may be handed to a competitor without his dismounting. Fence Judges are allowed to call 1st Refusal, 2nd Refusal etc.

m. Elimination and Retiring

Competitors eliminated or retiring from any part of the Cross Country course for any reason whatsoever must leave the course at a walk and take every precaution to avoid disturbing other competitors. They may not jump any obstacles after elimination or retiring.

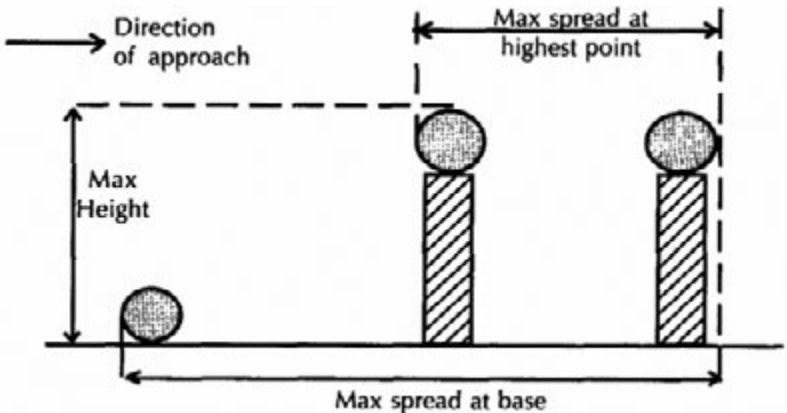

n. Obstacles

- i. Obstacles must be solid, fixed and imposing. Where natural obstacles are used, they must be reinforced if necessary, so that they present, as far as possible, the same problem throughout the competition.
- ii. Obstacles will be numbered and flagged and must be jumped in numerical and/or alphabetical order. For Area and Championship level courses number colours must be in line with BE (or EI) colours:
 - ▶ PC70 – Green
 - ▶ BE80/PC80 – Purple BE90/PC90 – Orange
 - ▶ BE100/PC100, **PC Chairman's Cup** – Pink or for **PC Chairman's Cup** Black if adding additional elements to the PC100 course; Yellow may be used if no PC110 class.
 - ▶ BE Novice/PC110 – Yellow
- iii. Obstacles should be designed within the limits of the different Levels to prepare competitors for the Championships, using 'L' Fences or Black Line alternatives to avoid eliminating the less experienced.

All obstacles must be sited so that a vehicle can get to them to evacuate casualties.

- iv. All portable fences must be securely fixed with appropriate fixings to ensure the fence cannot move if hit by a horse.

o. Dimensions

- i. Obstacles are measured from the point from which the average horse would normally take off.
- ii. When measuring the height of an obstacle it does not mean that obstacles must always be of uniform height or spread throughout their length, or that these dimensions may never be exceeded anywhere between the Red and White flags marking the extent of an obstacle. It is sufficient if that part of the obstacle, where the average horse and rider could reasonably and conveniently be expected to jump, does not exceed the maximum permitted dimensions.
- iii. Obstacles with spread only (stream, ditch, etc) must not exceed the dimensions given in the Table on page 9. A low rail or hedge, provided that it merely facilitates the jumping of the obstacle is not considered to give height to this type of obstacle.
- iv. Obstacles with both height and spread (oxer, open ditch, etc.) are measured both at the base from the outside of the relevant rails or other material making up the obstacle, and at the top from the outside of the relevant rails or other material making up the highest points (see diagram). The spread of an obstacle at its top is measured from both the outside of the relevant rails or other material making up the obstacle and the highest points.
- v. In the case of an obstacle where the height cannot be clearly defined (natural hedge, brush fence) the measurement is taken to the fixed and solid part of the obstacle through which a horse cannot pass with impunity and which must be visible from the front. The overall height of a natural hedge or brush fence may not exceed the maximum height by more than 20cm.
- vi. Poles used for timber obstacles must be not less than 10cm in diameter at their narrower end.
- vii. In **PC Chairman's Cup** competitions it is permitted to add additional cross-country elements or fences to the PC100 course provided these abide by the dimensions given in Rule 2 (page 10).

p. Alternative 'L' Obstacles

The primary purpose of alternative 'L' Obstacles is to enable the course-builder to build a course at the right standard but which the less experienced competitor can complete. 'L' Signs are used as they are easily obtainable.

- i. At Area Competitions and Branch Events 'L' obstacles will be provided as alternatives to some of the more difficult 'Main' obstacles and will be separate from them. 'L' fences and Black Line flags will be used at both Area Competitions and the Championships. See Rule 32 d) Marking the Course.

- ii. An 'L' Obstacle may be an alternative to either a single or a multiple 'main' obstacle, but need not have the same number of elements.
- iii. In a multiple obstacle, after jumping one or more elements of the 'Main' obstacle, a competitor may change to the 'L' element of the alternative obstacle that is next in sequence and vice versa.
- iv. It is NOT necessary for a competitor to go back and jump any of the 'L' elements of an obstacle when he has already jumped the corresponding 'Main' elements, but he is at liberty to do so if he wishes in accordance with Rule 32 r) Combination Fences.

Marking

- v. 'L' Obstacles and all 'L' Elements in a multiple obstacle will be marked with Red and White boundary flags, and with a marker having a red 'L' on a white background beneath the fence number.
- vi. Each 'L' Obstacle will also be marked with the same number as the corresponding 'Main' obstacle. In the case of a multiple obstacle, each 'L' element will have the same letter as the corresponding element of the 'Main' obstacle. However, when the 'L' obstacle has fewer elements than the 'Main' obstacle, its last element will be marked with all the remaining corresponding letters.

Penalties

- vii. Jumping (as opposed to attempting) an 'L' obstacle or any part of it will incur 15 penalties only (regardless of the number of elements) in addition to any penalties for Refusals, Falls, etc.
- viii. Penalties incurred at the 'Main' obstacle and those at its alternative 'L' obstacle are cumulative. THREE refusals entail elimination.

q. Adjacent Obstacles

If two or more obstacles, although sited close together, are designed as separate problems, each will be numbered and judged independently. A competitor may circle between them without penalty, provided that this is not as a result of attempting to negotiate the next obstacle. He must not, under penalty of elimination, retake any obstacle that he has already jumped.

r. Combination Fences

If an obstacle is formed of several elements, each part will be flagged and marked with a different letter (A, B, C, etc) but only the first element will be numbered and all elements will be judged as one obstacle. They must be jumped in the correct sequence. A competitor who circles between two lettered elements incurs penalties. He may refuse, run out or circle

only twice in all without incurring elimination. The third refusal within the obstacle as a whole eliminates. If a competitor refuses he is permitted to retake any elements already jumped, although he will be penalised for any new fault even if he has previously jumped an element successfully. They may pass the wrong way through the flags of any element without penalty in order to retake an element.

s. Banks on to the top of which a horse is intended to jump may not exceed the maximum height for the relevant Level given in the Table on Page 10. If the slope is sufficient to allow a horse to land on the face of it and scramble up, there is no limit to the height or spread.

t. Bounces – Double bounces are NOT allowed, except at steps. Single bounces, if included, must have an easier alternative that may or may not be an 'L'. If there is an alternative route, as opposed to an 'L' option, both sets of flags must be marked with a black line. (See rule 32 d).

Judging of bounce obstacles

At any obstacle where the distance between elements is 5 metres or less (i.e., a bounce) when a horse has negotiated the first element without penalty, it will be deemed to have been presented at the second element – and similarly if the bounce is for example the second and third elements of a combination. Thus, if a rider changes his mind while negotiating the first element of a bounce, and for example, then goes a longer route, he will still be penalised 20 penalties for a run-out.

u. Bullfinches are allowed, if it is possible to maintain them to the same standard throughout the day.

v. Drops

Drops should be measured from the highest point of the obstacle to where the average horse would normally land.

w. Open Ditches (i.e. ditches on the take-off side of the fence) must be clearly defined. If they have no guard rail they should be revetted on the take-off side.

x. Water Obstacles

- i.** At PC 110, water obstacles which require a horse to jump over a fence into water may be included provided there is a black flag alternative obstacle, and the underwater surface is sound.
- ii.** At PC70, PC80, PC90, PC100 and **PC Chairman's Cup**, if there is no alternative, the entrance into the water must be a gradual slope

with no fence or vertical drop involved.

- iii. In both cases the water must be at least 6m wide to ensure that a bold horse does not attempt to jump it and not deeper than 20cm for PC70, PC80, PC90, PC100 and **PC Chairman's Cup** and 30cm for PC110 measured at the point at which the average horse would land. . Likewise the water must not exceed this depth at the point where the average horse would take off. Elsewhere the water should not greatly exceed the maximum depth
- iv. At PC90 **and** PC100, if there is a fence to be jumped in water an alternative should be provided
- v. There should be no jump in the water at PC70 and PC80 level.

y. **Hazards**

Certain natural features such as ditches and 'drops' which, although not regarded as obstacles and therefore not numbered, might cause some horses to refuse may be classified as hazards. Their dimensions must not exceed the maximum allowed for other obstacles. Refusals, run-outs and circles and falls are not penalised at hazards. The only penalty is elimination if the horse resists its rider for 2 consecutive minutes.

Riders may not dismount and lead through or over a hazard on penalty of elimination.

z. **Practice Fence**

There will be a simple practice fence for warming up near the start, marked with red and white flags, which must be jumped with the red flag on the right. Only fences that are marked with red and white flags may be jumped in the warm-up area. Practice fences must not exceed the maximum dimensions allowed for the class.

aa. **Scoring**

The penalties incurred for faults at the obstacles and any time penalties for going too fast, or for exceeding the Optimum Time at PC90, PC100, **PC Chairman's Cup** and PC110, are added together to give the competitor's total penalty points for the Cross Country phase.

bb. **Emergency Flags**

Flags used by Fence Judges are as follows:

- ▶ Red – Doctor and Ambulance
- ▶ Blue – Veterinary Surgeon
- ▶ White – Fence Repair

- ▶ Orange – Course is blocked

Any flag being waved at waist height in the path of an oncoming competitor means that the competitor must stop.

NB The orange flag will only be used if a set of four British Eventing flags is available. If a set of Pony Club flags is being used, the Fence Judge will wave all three flags (red, white and blue) together towards Cross Country Control to indicate the course is blocked.

SECTION B – ADMINISTRATIVE RULES FOR AREA QUALIFYING COMPETITIONS AND THE CHAMPIONSHIPS

To be used in conjunction with all general rules. Some of these rules can also be used for Branch/Centre competitions.

Area Qualifying Competitions are to be held annually in each Area, from which those who qualify will go forward to compete at The Pony Club Eventing Championships. If an Area competition is over-subscribed, entries may be limited at the discretion of the Area Representative.

Where an Area has insufficient entries to enable it to run a PC110 Area Competition it may, with the agreement of The Pony Club and British Eventing, incorporate their Competition into a suitable British Eventing fixture. To comply with Rule 33 below this must be held in an “Open” Section(s) at the relevant level with no restriction on age of rider or grade of horse (other than those in Rule 33 below). Preparations must be made well in advance to enable arrangements to be made for those members who are not members of British Eventing, unregistered horses and/or those not complying with the current BE MER Rule for that level. (Organisers can obtain further details from The Pony Club Office re-entry procedure etc.).

An Area may also combine with another Area to run a joint competition. Please note that the new **PC Chairman's Cup** does NOT run under the same heights as the BE100+ so the Area Competition cannot be incorporated into a BE event.

Areas organising a PC110 Individual Area Competition may, if they wish, include a “friendly” inter-Branch team competition, but these teams will not qualify for the PC110 Championships.

Proprietors of Pony Club Centres may enter teams and individuals under the same rules as apply to Branch entries.

31. ELIGIBILITY FOR AREA COMPETITIONS AND THE CHAMPIONSHIPS

The District Commissioner or Centre Proprietor is required to certify the eligibility of horse and rider as follows. Should a breach of eligibility subsequently be discovered, then the Eventing Committee may disqualify the offending competitor.

Area – Members must fulfil all the following eligibility rules on the day of their Area Competition.

Championships – Between the Area Competition and the Championships, combinations who qualify for the Championships are permitted to compete in BE (or EI) competitions at a higher level than they are allowed to for the level at which they are qualified but not more than one level higher. Please see below.

PC110, PC Chairman's Cup, PC100, PC90, REGIONAL CHAMPIONSHIPS AND OPEN PC90

1. All horses graded British Eventing Advanced (Grade 1) (or Eventing Ireland Advanced) which have completed an AI/A level during the current year are ineligible at all levels.
2. All horses must be 5 years of age or over. A horse or pony shall be deemed to reach the age of 1 on the 1st January following the date on which it is foaled and shall be deemed to become a year older on each successive 1st of January. There is no height limit.
3. No horse may compete at more than one level of Eventing at Area or above (PC70, PC80, PC90, PC100, or PC110) in any one year nor may any horse be ridden more than once in any one year in any of the qualifying competitions or at the Eventing Championships. Combination of Horse and Rider cannot compete at two different levels of the same Sport at the Area Competitions. Except any combination of horse and rider may qualify and compete at both the PC110 Championship, and the **PC Chairman's Cup** Championships.
4. Stallions may only be ridden by Members if written permission is obtained from their District Commissioner/Centre Proprietor and they must wear identifying discs on their bridles in the interests of safety.
5. Riders or horses who have 'schooled' over the Area or Championship Cross Country courses during the previous two weeks are not eligible to compete. Competing over the course is permissible and does not render the competitor ineligible.
6. All competitors must be Members of The Pony Club both at the closing date for entries to the competition and at the date of the relevant competition to be eligible to compete at Area qualifying competitions and at the Championships (including the Regional Championships).

PC Chairman's Cup

This is a team and individual competition. At the Championships there will be a trot up prior to the Dressage Phase. The show jumping will take place on the final day in reverse order of placings.

In the event of over subscription, priority will be given to those who qualify at their Area competitions.

PC100

Area Competitions: Combination of Horse and Rider are NOT eligible if they have:

- i. Completed a PC110 or PC100+/Chairman's Cup Area Eventing competition or above in the current or previous years.
- ii. Completed a British Eventing (or EI) Intermediate or above.
- iii. Achieved more than three clear cross country rounds at British Eventing (or EI) Novice, (or Pony Trials, Open Novice or BE105.)
- iv. Previously ever finished 1st to 3rd as an individual at the Pony Club Eventing Championships on two occasions at PC100 level or above (this applies from 2021 onwards)

Championships: as for Area Competitions except that the combination of Horse and Rider are permitted to have:

- i. Completed more than three cross country rounds at British Eventing (or EI Novice, (or Pony Trials, Open Novice)

PC90

Area Competitions:

Riders are NOT eligible if they have:

- i. Completed a PC110 Area Level or above competition or British Eventing (or EI) Novice in Eventing in the current year or have done so in previous years.

Combination of Horse and Rider are NOT eligible if they have:

- i. Completed a British Eventing (or EI) Novice (or Pony Trial) or above.
- ii. **Achieved more than three cross country rounds with no jumping penalties at BE (or EI) 100.**
- iii. Achieved more than three clear cross country rounds at BE (or EI)100
- iv. Completed a PC100, PC100+/Chairman's Cup or PC110 Area level or

above competition in Eventing in the current year or have done so in previous years.

- v. Previously ever finished 1st to 3rd as an individual at the Pony Club Eventing Championships on two occasions at PC90 level or above

Championships: as for Area Competitions except that the combination of Horse and Rider are permitted to have:

- i. Completed more than three cross country rounds with no jumping penalties at BE (or EI) 100

OPEN PC90

1. Open to all Members who are not eligible for the PC90.
2. Eligibility is subject to points 1 – 9 at the beginning of this Rule.

This class is open to Individuals only.

PC80 REGIONAL CHAMPIONSHIPS

Area Competitions: PC80 Riders are NOT eligible if they have:

- ▶ Previously represented their Branch or Centre at PC90 or above in any Eventing Area Competitions.

Combination of Horse and Rider are NOT eligible if they have:

- ▶ Completed at PC90 or above Eventing at Area or Championship level, or BE90 (or EI) competition.

Championships: as for Area Competitions except that the combination of Horse and Rider are permitted to have:

- ▶ Completed at BE90 (or EI) competitions

PC70 REGIONAL CHAMPIONSHIPS

Members must be aged 13 and under on 1st January of the current year.

Area Competitions and Championships: Riders are NOT eligible if they have previously competed at any PC80 or above Area or Regional competition for Eventing.

PC70 PLUS REGIONAL CHAMPIONSHIPS

This is a class solely for individuals. There is no team competition.

Members must be aged 14 and over on 1st January of the current year.

Area Competitions and Championships: Riders are NOT eligible if they have previously represented their Branch/Centre at PC80 or above in any Eventing competitions.

32. PC110, PC CHAIRMAN'S CUP, PC100, PC90 AND REGIONAL AREA COMPETITIONS AND CHAMPIONSHIP QUALIFICATION

a. Number to Qualify - each Pony Club Area will organise a qualifying competition. Branches will compete within their own Areas.

Craddock rosettes will be awarded to members in PC100, **PC Chairman's Cup** and PC110 who complete a clear round show jumping and a cross country round with no jumping or time penalties at Area Competitions and Championships. The rosettes will be sent to Area organisers by The Pony Club Office.

Team competitions are open to teams that must consist of three or four members from each Branch/Centre of The Pony Club.

If the individual qualifiers are also part of a qualifying team the individual qualifying place shall pass down the line.

Individual competitions are open to all competitors in the team competitions, whose scores are automatically counted for this competition. In addition, all Branches/Centres are entitled to enter extra individual Members regardless of the number of teams they enter.

There will be no extra invitations to the Championships.

All team members qualifying for the **PC Chairman's Cup**, PC100, PC90, PC80 and PC70 must have completed the Cross Country phase at the Area Competition. If a rider is technically eliminated in the Dressage or Show Jumping phases, they should be allowed to complete the competition with the approval of the Official Steward.

All individual qualifiers for the **PC Chairman's Cup**, PC100, PC90 and Regional Championships must have achieved a Cross Country round with no jumping penalties at the Area competition.

In the case of equality in qualifying for the Championships, all parties concerned shall qualify. (See Rule 4).

The following qualify for the Championships:

PC110

Teams

All entries will be put in their relevant PC Area squad and the top three scores at the competition will count and eligible for the team prizes.

If a Branch has three or four qualified members at the Championships, then a Branch team can be declared.

Individuals

Must have either:

- ▶ Been placed in the top 10% at any BE110 competition **or equivalent with results on ponyclubresults.co.uk or eventingscores.co.uk**; OR
- ▶ Obtained double clears (i.e., No jumping penalties on two occasions at any BE **or equivalent**, or PC110 (including Area) competitions; OR
- ▶ Been placed first at their **own** PC110 Area Competition in 2023 with no jumping penalties; OR
- ▶ Gained 4 Minimum Eligibility Requirement Points (MERs) Between 1st August **2021** and 31st July 2023, one of which must be in the current year.

A MER can be gained by completing a BE110 or PC110 Area Competition or PC110 competition with:

- ▶ No more than 45 Dressage penalty points
- ▶ A clear Cross-Country round with no more than 30 time penalties; AND
- ▶ A Show Jumping round with no more than 12 jumping penalties.

With the exception of a MER gained at a PC110 Area Competition, the MER must have been gained no later than 31st July 2023.

In the event of oversubscription, entries will be selected by the Eventing Committee with priority given to those with the best results in the current year.

PC100 & PC CHAIRMAN'S CUP

Teams

- ▶ Winning team qualifies automatically
- ▶ 2nd team qualifies if 5 or more teams compete
- ▶ 3rd team qualifies if 10 or more teams compete

Individuals

- ▶ The winner of each section qualifies automatically
- ▶ 2nd in section qualifies if **8** or more competed in that section
- ▶ 3rd in section qualifies if **12** or more competed in that section
- ▶ 4th in section qualifies if **16** or more competed in that section

All Qualifiers for the PC110 Championship automatically qualify for the Chairman's Cup.

Also, for the Chairman's Cup, individuals may qualify if they have a minimum of 4 MERS;

A MER can be gained by completing a BE100 or above or a PC100 or above (with results on Ponyclubresults.co.uk or eventingscores.co.uk) with:

- ▶ **no more than 45 dressage penalty points;**
- ▶ **a clear round cross country with no more than 30-time penalties and**
- ▶ **a show jumping round with no more than 12 jumping penalties.**

MERS must be gained between 21st August 2022 and 31st July 2023.

Those members who qualify through the MERS route may be added to a Branch team to increase the number to four. They may not displace a member who qualified at their Area Competition unless that member is unable to compete.

In the event of oversubscription priority will be given to those who qualify via their Area competition.

PC90

Teams

- ▶ Winning team qualifies automatically
- ▶ 2nd team qualifies if **11 - 20** teams compete
- ▶ 3rd team qualifies if **21 - 28** teams compete
- ▶ 4th team if more than **28** teams compete

Individuals

- ▶ The winner of each section qualifies automatically

- ▶ **The 2nd qualifies if more than 12 competed in that section**
- ▶ **The 3rd qualifies if more than 16 competed in that section**
- ▶ **The 4th qualifies if more than 20 competed in that section**

OPEN PC90

Teams are not eligible.

Individuals

- ▶ If two sections are run the 1st place in each section qualifies.
- ▶ If one section is run 1st and 2nd places qualify.

PC80 (Regional Championships)

Teams

- ▶ Top 6 teams to qualify
- ▶ **The 7th team to qualify if more than 12 teams start.**

Individuals

- ▶ **If one section is run, the top 16 individuals will qualify.**
- ▶ **If two sections are run, the top 8 individuals in each section will qualify.**
- ▶ **If four sections are run, the top 4 individuals in each section will qualify.**

Places can be passed down in the member has already qualified in a team.

In addition, all individuals who have no jumping penalties cross country and no more than 4 faults show jumping will qualify.

PC70 (Regional Championships)

Members must be aged 13 and under on 1st January of the current year.

Teams

- ▶ **Top four teams to qualify.**

Members of Qualifying Teams must not have more than 20 jumping penalties cross country. If a team is barred from qualifying as they do not have three members with fewer than 20 faults xc, those members who have achieved no jumping penalties cross country will be allowed

to compete as individuals. The team qualifying place will then be passed down.

Individuals

Provided that they have no jumping penalties cross-country:

- ▶ **If one section is run, the top 8 individuals will qualify.**
- ▶ **If two sections are run, the top four individuals in each section will qualify.**
- ▶ **If four sections are run, the top two individuals will qualify.**

PC70 PLUS (Regional Championships)

This is a class solely for individuals. Members must be aged 14 and over on 1st January of the current year.

Individuals

Provided that they have no jumping penalties cross-country:

- ▶ **Top 5 individuals to qualify,**

b. ELIGIBLE COMBINED TEAMS

Members from a Branch/Centre which has not entered a Team in the competition may be combined with Members from another Branch/Centre within their Area to form a Combined Team. This team must:

- ▶ **consist of riders and ponies who would be eligible under these rules to compete in a Branch/Centre team.**
- ▶ **comprise three or four members from two Branches/Centres only, who cannot put forward a team of 3 or 4 themselves.**
- ▶ **contain no more than 2 members drawn from either Branch/Centre**
- ▶ **be entered by the closing date for entries and may only be created with the agreement of both the District Commissioners and/or Centre Proprietors concerned and the Area Representative.**
- ▶ **must have a named person with overall responsibility for the Combined Team identified by the District Commissioners and/or Centre Proprietors concerned.**

Combined Teams, in order to be eligible to qualify for the

Championships, have to be pre-entered in the usual way, and not 'put together' after the close of entries.

If a Branch/Centre team is displaced from a qualifying place by an 'eligible' Combined Team, the next best placed Branch/Centre team will also qualify

Combined Teams can only qualify for the PC Chairman's Cup if they have competed at their Area Competition.

Members from a Branch/Centre which has not entered a Team in the competition may be combined with Members from another Branch/Centre within their Area to form a Combined Team. This team must:

- ▶ **consist of riders and ponies who would be eligible under these rules to compete in a Branch/ Centre team.**
- ▶ **comprise three or four members from two Branches/Centres only**
- ▶ **contain no more than 2 members drawn from either Branch/Centre**

c. AREA TEAMS

If a Branch/Centre has a Member(s) who is/are not included in a team, they may be put together with Members from other Branches/Centres in a similar situation to compete at the Area Competition. These teams can only be put together by the Area Representative and/or Area Organiser via a draw and all teams must be declared before the start of the competition or they will not count towards the number to qualify. They will be eligible to win rosettes/prizes at the Area Competition but cannot themselves qualify for the Championships

d. PC110 EVENTING AND PC CHAIRMAN'S CUP – TEAM AND INDIVIDUAL CHAMPIONSHIPS

Members are not required to qualify through the Area Competitions but ALL PC110 entries would have to be verified by the Branch DC/Centre Proprietor providing the members meets the criteria listed in rule 34a.

At the PC110 Championships, qualifying members will be put into their respective Area squad at the Championship and the top three scores from that squad will count. If a Branch has three or four qualified members at the Championships then a Branch team can be declared.

33. SECTIONS

- a. Competitions should be run with four dressage arenas, A, B, C and

D. The first rider in each Team shall be judged in Arena A, the second in Arena B, the third in Arena C and the fourth in Arena D. Individuals can be placed into sections to even out numbers in each Arena and stagger the times of team members.

If it is possible to provide only two arenas for such a number of individuals, there shall be two sections in each arena, one after the other, with four dressage Judges.

- b.** If a competition has less than 72 competitors it is possible to run with only two Arenas, A and B. The first two riders of each team shall be judged in Arena A and the third and fourth in Arena B. Alternatively even numbered riders compete in Arena A and odd numbered riders in Arena B.
- c.** Where there are less than 20 competitors on the day it is permissible to run only one arena.
- d.** It is not permissible to run 3 Sections.
- e.** The Team Competition shall be judged as one with one winning team and one runner-up, etc.

34. ENTRIES – AREA COMPETITIONS

- a.** Entries must be submitted by District Commissioners on the official forms by the required date, together with the entry fee agreed by the Area Organiser to the Entries Secretary. A start fee may be charged if necessary.
- b.** If a Branch withdraws a team or individual before declaration, they must contact the Organiser for the refund policy.

35. ENTRIES – CHAMPIONSHIPS

Branches whose Team or Individuals have qualified for the Championships must declare their entries via the online entry system within seven days of completion of their Area Qualifier, or the following day if the Area Qualifier is held on or after the 31st July 2023.

PC110 competition will count towards a BE MER. Details for entries will be found on The Pony Club website.

There will be NO start fee charged.

Should a qualifying team / individual subsequently be unable to compete at the Championships, the next highest placed team / individual could be invited to compete, provided the substitution is made by 12 noon on

Monday 8th August 2022 and that, if it is an individual, a Cross Country round with no jumping penalties was achieved at the Area competition.

If a TEAM ceases to be eligible following withdrawals (fewer than three Members remaining), the team place would then be passed down the line, as long as the withdrawals are made by 12 noon on Monday 8th August 2022. The remaining individual/s from the team may retain their place/s.

District Commissioners are required to personally certify the eligibility of their riders and horses.

In addition to those qualified above, overseas Branches may be invited to compete, but at their own expense. They will be awarded appropriate rosettes but are not eligible for prizes in kind or bursaries.

36. WITHDRAWALS (ALL COMPETITIONS AND CHAMPIONSHIPS)

If a Branch or Centre withdraws a team or individual prior to the closing date for a competition, a full refund of entry and stabling fees will be made, less an administration charge. Withdrawals after the closing date for a competition will not be refunded.

37. ABANDONMENT (ALL COMPETITIONS AND CHAMPIONSHIPS)

In the event of a competition being abandoned, for whatever reason, a refund of 50% of the entry fee will be given. In such an instance the refund process will be communicated and must be followed.

38. SUBSTITUTION – AREA COMPETITIONS

After the closing date for declarations no substitutions may be made of horses or riders except in cases of illness, lameness or other unavoidable circumstances which must be certified by the District Commissioner or his Appointed Representative.

In such a case:

- a. If a horse has to be substituted an alternative rider may be nominated.
- b. If a rider has to be substituted an alternative horse may be nominated.
- c. If a Branch enters more than one team a substitution may be

- made from one team to another.
- d. No substitution shall be allowed after the Competition has started.
 - e. No horse or rider replaced by a substitute may re-enter the Competition.
 - f. In all cases of substitution the District Commissioner or his Appointed Representative must certify in writing that the substitute is eligible.

39. SUBSTITUTION – ALL CHAMPIONSHIPS (EXCEPT PC110)

- a. Teams – the District Commissioner may substitute rider(s) and/or horse(s) in the Branch Team before entering. If a horse has to be substituted an alternative rider may be nominated. If a rider has to be substituted an alternative horse may be nominated. If a Branch has qualified more than one team, a substitution may be made from one team to another. The substitute rider(s) / horse(s) must have completed the Area competition.
- b. If a team of three qualifies for the Championships, then a fourth team member may be entered at the Championships, as long as both the horse and rider are eligible and have completed the Area Competition.
- c. Individuals – A substitute horse may be entered but not a substitute rider. The horse must have completed the Area Competition.
- d. No substitutes shall be allowed after the Competition has started.
- e. No horse or rider replaced by a substitute may re-enter the Competition.
- f. In all cases of substitution the District Commissioner or his Appointed Representative must certify in writing that the substitute is eligible under Rule 33.
- g. In exceptional circumstances and upon production of a Vets certificate a District Commissioner may request a horse substitution that falls outside the criteria detailed above. The Chairman of the Eventing Committee in consultation with the relevant Area Representative will consider the matter and their decision will be final. Any substitute horse must be qualified as per Rule 33, and horse and rider combination must have completed a ratifiable competition at the equivalent level during the current year.

40. BRANCH REPRESENTATIVE

If the District Commissioner of a competing team or individual is unable to be present at the Area Competition or Championships, they must inform the Organiser of the Competition, in writing, the name of the person appointed to be their representative. This should preferably not be either the Team trainer or parent of a competitor.

SECTION C – RULES AND GUIDELINES FOR ARENA EVENTING INCLUDING SPRING FESTIVALS

PONY CLUB ARENA EVENTING

Arena Eventing is a two phase competition, which can be run on either an indoor arena, outdoor surface or a grass arena. General rules follow the current Pony Club Eventing Rule book except as modified below.

Competitors will jump a course of show jumps immediately followed by a course of cross country style fences**. There will be no more than 20 (dependent on size of arena) jumping efforts in total.

The optimum time should be based on a speed of 325 mpm (PC80 and below), and 375 mpm (PC90 and above).

Horses/Ponies must be aged 5 years old and over.

Stop Watches are not permitted.

The winner will be the competitor with the lowest number of penalties. In the event of a tie the winner will be the one closest to the optimum time.

There should be a drawn order and, where possible, approximate start times given in advance of the day

The course will only be open for walking before the class starts.

The Judge's decision is final.

PENALTIES

Elimination
- ▶ **For every commenced second in excess of the optimum time**
0.4 penalty
- ▶ **Every commenced second in excess of 5 seconds under the optimum time**
0.4 penalty

Time limit is twice the optimum time.

NOTES

****XC Portable Fences/Fixed Fences** – These must not be used unless they can be properly and safely anchored. (See Eventing Organisers Handbook, and Guidance on Cross Country Fences. In their place, and especially on surfaces, knock down substitutes should be used, i.e. rustic show jumps or those supplied by specialist manufacturers such as “Jump for Joy”

If local conditions dictate, Organisers can choose not to time the Show Jumping Phase, but the XC phase must be timed.

Safety Cups – Safety Cups are mandatory for all Pony Club Show Jumping Competitions including any practice fences. To be used on the back rails of spread fences and middle and back rails of triple bars. They should also be used for all knock down fences in the XC Phase.

It is recommended a BS Course Designer, preferably one with Arena Eventing experience, is used if possible. For Area Competitions this is mandatory. If the course designer is not qualified, then approval must be sought from The Pony Club.

Courses should be built within the dimensions set out in the current Pony Club Eventing Rules.

First Aid – See The Pony Club Health and Safety Rule Book.

APPENDIX D – RULES FOR PONY CLUB TWO-DAY EVENTS

Introduction

The Dressage, Show Jumping and Cross Country Tests remain the same as in a Pony Club One-Day Horse Trial, and will be conducted in accordance with the Rules for Pony Club Eventing, but in this Competition, the Cross Country will become a PHASE of the SPEED AND ENDURANCE TEST.

The particular OBJECT of this type of competition will be to give riders experience in judging pace, preparing their horses before and caring for them during a Speed and Endurance Test. The speeds and distances set are well within the capabilities of the average pony.

Any such event will be valueless unless it is very well organised and strictly controlled (See Notes for Organisers). It is only suitable for the more experienced Members of The Pony Club (PC100 and PC110) who must be properly briefed before the start of the competition.

Rules

Except where modified below, a Pony Club Two-Day Event will be conducted in accordance with the Rules for Pony Club Eventing.

The Programme

Whenever possible the programme should be:

- ▶ 1st Day DRESSAGE followed by SHOW JUMPING TEST
- ▶ 2nd Day SPEED AND ENDURANCE

The Speed and Endurance Phase

This should consist of:

- ▶ PHASE A ROADS AND TRACKS
- ▶ PHASE B STEEPLECHASE
- ▶ PHASE C ROADS AND TRACKS
- ▶ PHASE D CROSS COUNTRY

Timing

Each phase must be timed independently. Separate starts and finishes are required for Phases A, B and D, and a separate finish for Phase C. The start of Phase C is the same as the finish of Phase B and competitors are not required to pause between these Phases. A competitor arriving late at the start of Phase B should be started as soon as possible at the discretion of

the starter.

Independence of Phases

- a)** The different Phases A, B, C and D are quite independent of each other. Loss of time in one cannot be compensated for by gain of time in another.
- b)** The gain of one minute in Phase B (Steeplechase), for instance, does not give a competitor any more time in which to complete Phase C (Roads and Tracks), for which the starting time is identical with the finishing time of the Steeplechase. But if he then completes Phase C within the optimum time he obtains, due to the gain of one minute in the Steeplechase, one minute's rest and any time he has saved on Phase C, in addition to the 10 minutes compulsory halt provided for the second inspection before Phase D (Cross Country), the starting time for which is fixed by the timetable.
- c)** If a competitor completes Phase A in less than the optimum time and as a result arrives before the time fixed for starting Phase B (Steeplechase), he must wait until the time he gained has elapsed. The timekeeper starts him off on the Steeplechase at the exact time shown on the timetable.
- d)** If he finishes at exactly the right time, he immediately starts the Steeplechase.
- e)** If he has lost time during Phase A and if he finishes after the time fixed, according to the timetable, for the start of the Steeplechase, he must be started as soon as possible. The exact time at which he passes the starting post of Phase B is noted and the competitor is penalised for exceeding the optimum time for Phase A. He need not attempt to regain the time lost, since this is lost and penalised for Phase A and Phase A only.
- f)** The rest of this competitor's timetable will be affected by the time lost on Phase A but this will in no way affect the reckoning of the actual time he takes to complete the other phases.
- g)** If a competitor, having started the Steeplechase (Phase B) at the correct time, according to the timetable, exceeds the optimum time for this phase, it does not mean that he will have any less than the optimum time in which to complete Phase C or reduce the 10 minute compulsory halt, but the time at which he starts Phase D (Cross Country) can no longer correspond to the timetable laid down beforehand; it will differ by the amount of time lost on the Steeplechase.

h) It is possible that a competitor might exceed the optimum time for both Phase A and the Steeplechase. In this case, his time of starting Phase D will be delayed for as long as the two excesses of time added together for which he has been penalised.

10 Minute Halt

This will be between the end of Phase C and the start of Phase D and is compulsory. A competitor who arrives early at the end of Phase C will have a correspondingly longer halt.

A steward will inspect all horses at the end of Phase C. If he is in any doubt as to whether a horse is fit to continue the horse must be examined by a Vet.

Roads and Tracks

a) TOTAL distance for the two phases will be between 4,800m and 8,400m.

b) OPTIMUM TIME for Phase A will be achieved at a speed of 220m. per min. Phase C will be achieved at a speed of 160m. per min.

EXCEEDING the Optimum Time incurs 1 penalty for each second up to a TIME LIMIT which is 1/5 more than the optimum time.

c) DIRECTION MARKERS AND BOUNDARY MARKERS shall be used. Km. Markers will be put out to assist competitors.

d) Competitors may dismount anywhere and walk or run beside the horse, but must be mounted to pass through the finish.

Steeplechase

a) DISTANCE will be 1,000m

b) THE COURSE will consist of 5 or 6 obstacles with wings.

c) OPTIMUM TIME will be achieved at a speed of 500m per min. Exceeding the Optimum Time incurs 1 penalty for each commenced period of 3 seconds up to a TIME LIMIT of twice the OPTIMUM TIME.

d) Boundary/Direction Markers will be the same as for the Cross Country and all obstacles will be numbered.

e) Faults incurred at obstacles will be the same as for Cross Country obstacles.

f) Type of obstacles – Bush or Gorse covered fences of the type used in Point-to-Point Steeplechases should be used. They must look imposing and be very well sloped.

g) Dimensions of obstacles will be the same as for the Cross Country obstacles EXCEPT that the solid part of a steeplechase fence between the boundary flags must not exceed 60cm in height, and the width shall be at least 3.75m.

Cross Country

The Course should conform to The Pony Club Eventing Rules.

Qualifications

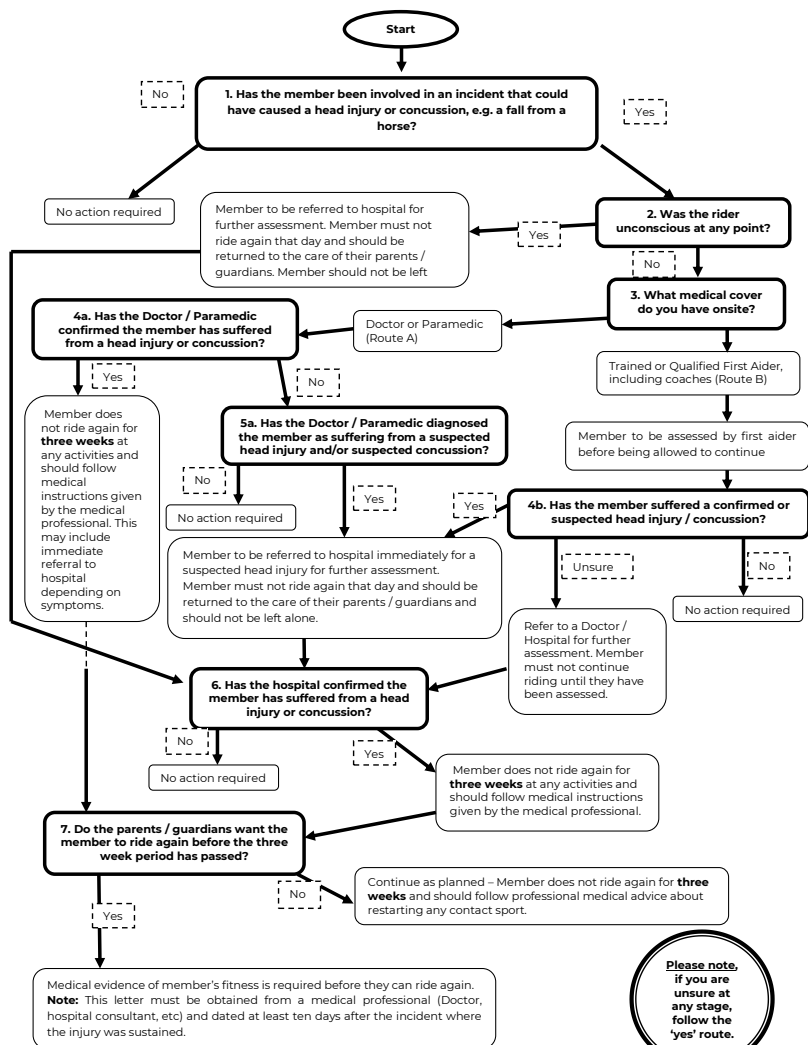

a) HORSES/PONIES - There is no height limit.

All horses must have been regularly ridden at rallies by a member of the Pony Club.

Horses that are graded British Eventing Advanced (Grade 1) that have completed at AI/A level during the current calendar year are not eligible. No horse under 5 years of age is eligible.

b) District Commissioners are required to certify personally for each individual event that all riders entered are eligible
