THE PONY CLUB PRINCE PHILIP CUP OBJECTIVES

The Prince Philip Cup provides a team competition requiring courage, determination and all-round riding ability on the part of the team members, with careful and systematic training of their ponies.

The objective is to encourage a higher standard of riding throughout The Pony Club and to stimulate among the future generation a greater interest in riding as a sport and as a recreation.

This competition was designed for teams of ordinary children on ordinary ponies and the practice by some Branches of retaining their own ponies to be used by successive Members of the Branch/Centre Team was certainly not envisaged by those who devised the Mounted Games concept. The Mounted Games Committee does not approve of this practice.

Every eventuality cannot be provided for in these Rules. In any unforeseen or exceptional circumstances or any other issue in connection with Pony Club Mounted Games it is the duty of the relevant officials to make a decision in a sporting spirit and to approach as nearly as possible the intention of these Rules.

Where "Branch" is stated this includes "Centres". All competitions are open to Branches and Centres. When a rule states District Commissioner, Centre Proprietor also applies.

"As a Member of The Pony Club, I stand for the best in sportsmanship as well as in horsemanship.

I shall compete for the enjoyment of the game well played and take winning or losing in my stride, remembering that without good manners and good temper, sport loses its cause for being. I shall at all times treat my horse with due consideration."

THE PONY CLUB MOUNTED GAMES COMMITTEE

All Rules are made by The Pony Club Volunteer Committee in consultation with others. The Pony Club Office provides administrative support and any queries or questions relating to these rules must be directed to the Chairman of the relevant sport and copied to the Secretary.

Rulebook Version: 23.1.1

PART 1 - GENERAL RULES OF MOUNTED GAMES

1. DRESS

New equipment is not expected, but what is worn must be clean, neat, tidy and safe. It is the competitor's responsibility to ensure their dress complies with the Rules below which does not allow for the wearing of coloured silks and pom poms, brightly coloured accessories, nail polish and jewellery or sponsor advertising.

Hat silks are to be dark blue, black or brown in nature and must not have a logo larger than 4cm x 4cm. Contravention may incur disqualification.

Hats and white hat bands: The last rider in each team to go must wear a white hat band 5cm wide round his hat. He must be wearing the white hat band throughout the race and failure to do so will incur elimination.

a) Hats and Hair:

Hair: Must be tied back securely, in a safe manner to reduce the risk of hair being caught and to prevent scalp injuries.

It is mandatory for all Members to wear a protective helmet at all times when mounted with the chinstrap fastened and adjusted so as to prevent movement of the hat in the event of a fall. This rule defines the quality of manufacture that is required. Individual Sports may also have additional requirements with regard to colour and type of hat. It is strongly recommended that second-hand hats are not purchased.

The hat standards accepted are detailed in the table below:

Hat Standard	Safety Mark	Allowed at the following activities:
PAS 015 2011 with BSI Kitemark		All activities
VG1 with BSI Kitemark		All activities
Snell E2016 onwards with the official Snell label and number		All activities

ASTM-F1163 2004a onwards with the SEI mark		All activities
AS/NZS 3838, 2006 onwards		All activities

- ▶ For cross country riding (80cm and over) including Eventing, Tetrathlon, Horse Trials, Pony Racing (whether it be tests, rallies, competition or training) and Mounted Games competitions, a jockey skull cap must be worn with no fixed peak, peak type extensions or noticeable protuberances above the eyes or to the front, and should have an even round or elliptical shape with a smooth or slightly abrasive surface. Noticeable protuberances above the eyes or to the front not greater than 5mm, smooth and rounded in nature are permitted. A removable hat cover with a light flexible peak may be used if required.
- ▶ It is strongly recommended that a jockey skull cap is worn for cross country riding over lower fences (less than 80cm).
- ▶ No recording device is permitted (e.g. hat cameras) as they may have a negative effect on the performance of the hat in the event of a fall.
- ▶ The fit of the hat and the adjustment of the harness are as crucial as the quality. Members are advised to try several makes to find the best fit. The hat should not move on the head when the head is tipped forward. Most helmet manufacturers recommend you visit a qualified BETA fitter.
- ▶ Hats must be replaced after a severe impact as subsequent protection will be significantly reduced. Hats deteriorate with age and should be replaced after three to five years depending upon the amount of use.
- ▶ Hats must be worn at all times (including at prize-giving) when mounted with the chinstrap fastened and adjusted so as to prevent movement of the hat in the event of a fall.
- ▶ The Official Steward/Organiser may, at his discretion, eliminate a competitor riding in the area of the competition without a hat or with the chinstrap unfastened or with a hat that does not comply with these standards.

Hat Checks and Tagging

The Pony Club and its Branches and Centres will appoint Officials, who are familiar with The Pony Club hat rule, to carry out hat checks and tag each hat that complies with the requirements set out in the hat rule with a **pink** Pony Club hat tag. Hats fitted with a **pink** Pony Club, British Eventing (BE) or British Riding Club (BRC) hat tag will not need to be checked on subsequent occasions. However, The Pony Club reserves the right to randomly spot check any hat regardless of whether it is already tagged.

Pony Club (**Pink**) hat tags are only available to purchase from The Pony Club Shop.

Tagging indicates that a hat meets the accepted standards. No check of the fit and condition of the hat is implied. It is considered to be the responsibility of the Member's parent(s)/guardian(s) to ensure that their child's hat complies with the required standards and is tagged before they go to any Pony Club event. They are also responsible for ensuring that the manufacturer's guidelines with regard to fit and replacement are followed.

b) Body Protectors:

The Pony Club follows the British Equestrian Standards for Body Protectors.

The Pony Club does not make the use of body protectors compulsory, except for all Cross Country riding and Pony Racing whether it be training or competing. If a Body Protector is worn for any Pony Club activity must meet BETA 2009 Level 3 standard (purple label) or BETA 2018 Level 3 standard (blue and black label).

For general use, the responsibility for choosing body protectors and the decision as to their use must rest with Members and their parents. It is recommended that a rider's body protector should not be more than 2% of their body weight. When worn, body protectors must fit correctly, be comfortable and must not restrict movement. BETA recommend body protectors are replaced at least every three to five years, after which the impact absorption properties of the foam may have started to decline.

it

BETA 2009 Level 3 (purple label) body protectors will continue to be accepted at Pony Club competitions until 31st December 2023, from 1st January 2024 only body protectors that meet BETA 2018 Level 3 standard (blue and black label) are to be used.

Riders who choose to use the Woolf Wear Body Cage EXO must lodge a key with the Event Organiser when they collect their number.

c) Air Jackets

The Pony Club follows the British Equestrian Standards for Air Jackets.

When an air jacket inflates the sudden noise startles horses in the immediate vicinity thereby causing difficulties for the other members of a ride if used in a group ride in a confined area, e.g. an indoor school or outdoor manège. Air jackets are therefore not encouraged for group rides and are not suitable for mounted games.

If a rider chooses to wear an air jacket, it must only be used in addition to a normal body protector which meets the Body Protector Rule and Standards. In the event of a fall, the air jacket must be fully deflated or removed before continuing, after which, the conventional body protector will continue to give protection. Air jackets must not be worn under a jacket and number bibs should be fitted loosely or with elasticated fastenings over the air jacket. Sports have specific rules relating to falls in competition.

d) Jodhpurs: Riders must wear cream or beige jodhpurs or breeches (white or dark coloured jodhpurs are not allowed). Belts may be worn.

e) Shirts: White shirts with long sleeves (which are not to be rolled up) and Pony Club ties. In cold or wet weather white sweatshirts and/or colourless transparent or white waterproof garments with long sleeves may be worn over the white shirt. At Area Meetings teams will wear their Branch/Centre coloured bibs over their shirts or sweaters. Bibs may be provided for teams competing at Zone Finals and the National Championships if there is a clash of colours.

f) Footwear: Only standard riding or jodhpur boots with a well-defined square cut heel may be worn. Plain black or brown half chaps may be worn with jodhpur boots of the same colour. Tassels and fringes are not allowed. No other footwear will be permitted, including wellington boots, yard boots, country boots, "muckers" or trainers. Boots with interlocking treads are not permitted, nor are the boots or treads individually.

Stirrups should be of the correct size to suit the rider's boots (see the Stirrup rule). Laces on boots must be taped for Mounted Games only.

g) Badges: These are optional. If worn, they should be of cloth, not metal, and may be sewn on to the bib.

h) Jewellery: the wearing of any sort of jewellery when handling or riding a horse/pony is not recommended and if done at any Pony Club activity, is done at the risk of the member/their parent/guardian. However, to stop any risk of injury, necklaces and bracelets (other than medical bracelets) must be removed, as must larger and more pendulous pieces of jewellery (including those attached to piercings) which create a risk of injury to the body part through which they are secured. For the avoidance of doubt a wedding ring, stock pin worn

horizontally and/or a tie clip are permitted. It is recommended that stock pins are removed for cross country.

- i) Whips and spurs:** are not allowed.
- j) Electronic Devices:** (i.e. headphones, mobile phones etc. enabling another person to communicate with the rider) are not allowed whilst the rider is competing. No recording device is permitted. (e.g. head / bridle cameras etc.)
- k) Nail Polish/Varnish:** is not allowed.
- l) Sponsor Advertising:** is not allowed on rider's dress, numnahs and saddlery unless they have been presented at The Pony Club Championships in the current or previous years.

2. SADDLERY

The Pony Club prefers competitors to use plain saddlery but it is not compulsory. New equipment is not expected, but what is worn must be clean, neat and tidy and safe.

Any misuse of a bit or bridle will be reported to the District Commissioner / Centre Proprietor, Area Representative and the Training Chairman. Any reported riders will be recorded, monitored or maybe disqualified.

Badly fitting or unsafe tack, or saddles that are down on the withers when the rider is mounted, will result in the disqualification of that competitor, unless they decide to re- present in the correct saddlery/equipment to the satisfaction of the Official Steward, before the start of the competition.

No item of tack may be used for any other purpose, or in any other way than the one for which it was designed and intended, e.g. Running Martingales may not be used as Standing Martingales.

Saddlery which is not allowed in the Games may not be worn on the day of competition. Any Team/Individual found to have changed, or altered the fitting of, an item of Tack/Clothing, without permission, may be penalised by disqualification from the competition.

The Official Steward has absolute discretion in ruling on these matters.

- a) Saddles:** Must be made on a conventional general-purpose tree and if the stirrup bars have safety clips, they should be in a downward position. Racing saddles measuring less than 16 inches (40.6cm) in length (i.e. from front arch to cantle) and weighing less than 5lb (2.8kg) are NOT permitted. The use of Pad Saddles is only permitted on Miniature/ Shetland

type ponies, with the written permission of the DC and the agreement of the Official Steward. **Where handles cannot be removed, these must be taped up.**

b) Stirrups: Stirrups should be of the correct size to suit the rider's boots. They must have 7mm ($\frac{1}{4}$ ") clearance on either side of the boot. To find this measurement, tack checkers should move the foot across to one side of the stirrup, with the widest part of the foot on the tread. From the side of the boot to the edge of the stirrup should not be less than 14mm.

There are now many types of stirrups marketed as 'safety stirrups'. All riders must ensure that their stirrups are suitable for the type of footwear they are wearing and the activities in which they are taking part and that the stirrup leathers are in good condition.

There are no prescribed weight limits on metal stirrups, however with the advent of stirrups of other materials, weight limits are frequently given by manufacturers. Any person buying these stirrups, should comply with weight limits defined on the box or attached information leaflets. Neither the feet nor the stirrup leathers or irons, may be attached to the girth, nor the feet attached to the stirrup irons.

It is strongly recommended that the design of the stirrup chosen allows the foot to be released easily in the event of a rider fall. Specific rules for individual sports can be found in the respective sports rulebooks.

Particular focus should be on ensuring that the boot and stirrup are the correct size for the rider taking part and used in line with the manufacturer's guidance.

For the avoidance of doubt, at Pony Club events:

- ▶ stirrups which connect the boot and the stirrup magnetically are not allowed
- ▶ Interlocking boot soles and stirrup treads are not allowed

Bostock & Free Jump stirrups are not allowed at Pony Club Mounted Games events.

Stirrups which include Metal/ Metal type treads, including but not limited to those with protruding spikes and / or perforated grip features are NOT Permitted.

c) Girths: White, navy blue, brown or black girths with two separate buckles. Humane girths are not allowed. Humane girths pose an increased risk as many common designs may have complete girth failure if a single

strap was to break. Humane girths are not permitted in any Sport, whether during training or competition.

d) Numnahs / Saddle Cloths: Any solid colour is permitted. Contrasting piping is permitted. Branch/Centre logos are allowed when competing for the Branch/Centre; logos must not exceed 200 sq. cm. This does not preclude the wearing of clothing for horses or riders that has been presented by sponsors of the National Championships in the current or previous years.

e) Bridles: Plain black or brown leather. Micklem bridles are permitted (with rings taped). Bitless bridles are not allowed.

f) Reins: For safety reasons, knotted reins must be attached to the bit by a leather buckle or billet. Large loops of rein behind the knot are not safe, this can be avoided by undoing the buckle or by taping the looped reins together. Any plain solid-coloured reins are permitted for Mounted Games.

Rope/Bridge/Market Harborough/Balance Support reins are not permitted.

g) Grass Reins: (Allowed for Junior competitions only)

Grass reins are permitted at Pony Club rallies and competitions jumping up to 50cm or Walk Trot Tests. Only those grass reins shown in diagrams 1 and 2 are permitted. Grass reins must be fitted to allow and not restrict the normal head position of the pony. The rein length must be sufficient to allow the pony to stretch over a small fence.

Grass reins may be leather or synthetic material, if synthetic then a break point of leather or other suitable material must be included.

h) Browbands: coloured are permitted.

i) Nosebands: Only one noseband is permitted – Cavesson, Drop, Grackle or Flash unless using a Standing martingale with a drop or grackle noseband in which case the addition of a cavesson is allowed. Nosebands must not incorporate chain or rope.

Note: Sheepskin nosebands/, blinkers or any attachments to the pony or bridle which may affect the animal's field of vision are NOT permitted.

j) Martingales: Irish, Bib, Running, Standing (with or without elastic), only one of which may be worn at any time. Standing Martingales may be attached only to a Cavesson Noseband or the Cavesson portion of a 'Flash' noseband fitted above the bit. Five-point breast plates are allowed.

Vaulting, balance, neck straps/collars are NOT permitted.

k) Bandages/Boots: Should only be worn where necessary and not for decoration. They must be of uniform colour and correctly fitted.

l) Hoof Boots: are not allowed.

m) Studs: The use of Studs is not recommended unless absolutely necessary. If worn, road studs may be used. In adverse weather conditions

the studs illustrated below may be used.

- n) **Fly hoods, ear plugs and ear covers:** Are NOT permitted
- o) **Nose nets are permitted:** Nose nets must cover the nose only leaving the mouth and bit visible.
- p) **Clips on saddlery:** are not permitted.
- q) **Bits:** The bit must be a plain snaffle with a straight bar, single or double joint in the middle. The mouthpiece must be smooth all round. Bits of nylon or other synthetic material are permitted, should be black, brown or white and must be used in their manufactured condition without any addition to/or on any part. Bit Guards must be black, white or brown and smooth on both sides.

Thin Bits – In the opinion of the Chief Steward and the Tack Officials, bits deemed to be excessively thin in the mouthpiece will not be accepted.

Hanging Snaffle bits must be of a standard type. Dr Bristol and Fulmer bits are not allowed.

The only bits permitted for use at Area level and above are those illustrated below or any combination of the mouthpieces, rings or cheeks.

3. PONIES AND VACCINATIONS

Must be serviceably sound and well shod, or with their feet properly dressed.

Ponies must be groomed and well trimmed, and manes and tails must not be plaited. Ponies that are infirm through old age, ill, thin or lame or are a danger to their riders or others are unacceptable. Veterinary letters regarding the soundness/condition of a pony will NOT be accepted.

At Area Competitions and Zone Finals a pony may compete in the PPC, Novice Juniors, Juniors and Pairs if in the opinion of the DC/Centre Proprietor and the owner that the pony is fit enough and used in the appropriate number of races.

Any pony that becomes distressed may be withdrawn from the competition at the discretion of the Official Steward.

THE PONY CLUB VACCINATION RULES

A valid passport and vaccination record:

- ▶ must accompany the horse/pony to all events
- ▶ must be available for inspection by the event officials
- ▶ must be produced on request at any other time during the event

All ponies/horses must be compliant with the current Pony Club minimum vaccination requirements - please see the website for the current rule.

Note: Events that are held at other venues may be subject to additional specific rules. For example, any horse/pony entering a Licensed Racecourse Property must comply with the Vaccination requirements as set by the British Horseracing Authority. Similar restrictions apply in the cases of certain polo venues. If you are intending to compete under FEI Rules you will need to ensure you are compliant with those Rules.

4. ACTION AFTER A FALL

As a training organisation we wish riders to be able to continue whenever possible. However, a rider must not be allowed to remount after a fall if there is any element of doubt as to their fitness, irrespective of the wishes of their parents, trainer, etc. Further participation may be possible following an examination by a medical professional.

- a) Any competitor who has a serious fall or injury anywhere at the competition site MUST see the medical personnel on the day and be passed fit to ride before riding that horse in a further test or before riding any other horse.

b) If a rider appears seriously injured (e.g. unconscious) the Official Steward has the discretion to stop the race. He will do this by blowing his whistle and all Line Stewards will raise their boards in response. When a race is stopped through injury it will be re-run; the team involved or the team of the fallen rider may not re-run. Any team that has completed the race prior to the incident will retain their final placing. Any team who has not completed will re-run.

5. HEAD INJURY AND CONCUSSION

There are strict procedures around the response to concussion.

(i) General Advice

Head injuries and concussion can be life changing and fatal. Serious head injuries are usually obvious, but concussion can be very subtle. It may not be immediately apparent but should be taken very seriously.

Members may be asked not to ride by an Official (including a first aider) who believes they may have sustained a concussion either at the time of injury or from a previous injury (which may not have been sustained whilst riding). Concussion is difficult to diagnose, and practitioners of all grades must err on the side of caution. Thus, any decision must be respected, and professional medical support is advised to avoid further harm. Ignoring an official's advice about concussion would breach the Pony Club's Code of Conduct.

(ii) Incidents that could cause head injuries or concussion

Any Member who suffers an incident that could cause head injury or concussion at a Pony Club activity (for example, a fall from their horse/pony) should be assessed by the first aid provider in attendance.

Dependent on the level of first aid cover, the exact process of diagnosing will vary depending/based on whether the Member has suffered:

- ▶ No head injury/concussion
- ▶ Suspected head injury/concussion
- ▶ Confirmed head injury/concussion

The process for diagnosing each option is talked through in more detail below.

From the assessment being carried out it may be immediately obvious that there is no cause for concern. Reasonable care should be taken to ensure Members have not sustained a serious head injury or concussion.

(iii) Unconsciousness

If a Member is unconscious following an incident they should be treated as if they are suffering with a confirmed concussion and the steps in point vii should be followed.

(iv) Who can diagnose head injury or concussion?

Diagnosis of a head injury or concussion can be carried out by any level of first aid cover officiating at a Pony Club activity. Trainer or Qualified First Aiders will only be able to diagnose a suspected head injury or concussion. If there is any doubt as to the diagnosis, the Member should see the highest level of first aid cover that is present, and they should make the diagnosis. If unable to reach a definite diagnosis or the first aider is the highest level of cover at the activity, then the Member should be referred to a hospital or a doctor off site for a professional diagnosis.

The member must not ride again until they have been seen by a doctor/hospital.

(v) Actions to be taken in the event of a suspected head injury or suspected concussion diagnosis

If a diagnosis of a suspected head injury or concussion is made by a first aider, the parents/guardians should be advised to take the member to hospital.

Any Member who has been diagnosed with a suspected or confirmed head injury/concussion should not be left alone and must be returned to the care of their parents/guardians where appropriate.

If a Member has a suspected head injury/concussion at an activity/competition, organisers should inform the DC/Proprietor to ensure that the rider follows these guidelines.

Once a diagnosis of suspected head injury or concussion is made by the first aid cover present at the activity, then that decision is final. If a Member is advised to see a doctor because of suspected head injury/concussion and the parents/guardians decide not to allow the member to be examined (either at the activity or in hospital), the Member will not be allowed to ride again on the day and should be treated as if they have sustained a confirmed head injury/concussion. Depending on the circumstances, the decision not to allow further examination may be considered a safeguarding issue.

Where a doctor subsequently certifies that a Member does not have or

did not suffer a head injury/concussion, and provides evidence that they are satisfied the Member is well enough to continue, that Member will be treated as if they did not sustain a concussion and may continue. Officials will endeavour to assess members in a timely way; however, head injuries can evolve over time, which may lead an official or professional to perform a series of assessments. A Member may miss a phase or part of an event during the assessment process and the Sport Rules for missing that phase or part will apply.

(vi) Actions to be taken in the event of a confirmed head injury or confirmed concussion

In the event of a confirmed head injury or confirmed concussion diagnosis, the doctor will advise the Member not to ride or take part in any activity that potentially involves hard contact for three weeks. The member may be advised that they could request a review of any ongoing concussion problems by a doctor (with experience in assessing concussion) after 10 days. If that doctor is happy to certify that the Member is not suffering with a concussion, the Member may ride again. Evidence regarding this decision is required, e.g. in the form of a medical letter. If no evidence is provided, the Member should not take part in any Pony Club activity that involves horses/ponies, whether mounted or unmounted, for at least three weeks after the initial injury.

(vii) Actions to be taken in the event of a diagnosis of a confirmed or suspected head injuries/concussions outside of Pony Club activities

Ultimately, it is the parents/guardian's responsibility to make a decision about the welfare of their child.

If a Pony Club Official becomes aware that a member has sustained a suspected or confirmed head injury/concussion and has been advised not to take part in any potentially hard contact activities, the Member must not be allowed to take part in any Pony Club activities that involves horses/ponies, whether mounted or unmounted for three weeks, unless appropriate medical evidence of fitness to ride can be provided by parents/guardians dated at least 10 days after the initial injury.

Please see Appendix I1 for the Head Injury and Concussion Flowchart.

6. MEDICAL SUSPENSION

If a Member has been suspended from taking part in any activity/competition/sport for medical reasons, this suspension must apply to all Pony Club activities until such time the Member is passed fit by a medical professional to take part. It is the Member and parent/guardian's

responsibility to ensure this rule is adhered to.

Medical letters are required, following a suspension for medical reasons, to allow a Member to take part in any activity again. The letter should be issued by either the hospital or specialist(s) involved in treating the injury, where appropriate.

7. UNSEEMLY BEHAVIOUR

Unseemly behaviour on the part of riders, team officials, or team supporters will be reported as soon as possible by the Official to The Pony Club Office, and they may be penalised by disqualification of the Branch/Centre or Branches/Centres concerned for a period up to three years. Any competitor who in the opinion of the Official Steward, or Organiser, has been extremely rude or aggressive towards any officials at a competition or who has behaved in an aggressive or unfair manner to their horse may be disqualified.

8. PERFORMANCE-ENHANCING DRUGS

All performance-enhancing drugs are strictly forbidden and The Pony Club supports 100% clean sport.

(i) Equine – Controlled Medication

It is clearly essential for the welfare of a horse/pony that appropriate veterinary treatment is given if and when required, including appropriate medication. However, medication may mask an underlying health problem. Therefore, horses should not compete or take part in training activities when taking medication, if the combination of the medication and the activity may have a detrimental effect on the horse's welfare. Therapeutic Use Exemptions (TUE) should be confirmed in writing by a Vet.

For more information, please refer to the Welfare of Horses and Ponies at Pony Club Activities Policy, available on The Pony Club website.

(ii) Human

Performance-enhancing drugs are forbidden. The Pony Club supports the approach taken by the UK Anti-Doping Agency in providing clean sport. The Pony Club disciplinary procedures would be used in cases where doping may be suspected including reporting to the UK Anti-Doping Agency.

(iii) Testing

All competitors should be aware that random samples may be taken for

testing from both themselves and/or their horse/pony. The protocol used will be that of the relevant adult discipline.

Competitors and their horses/ponies at national or international level may be subject to blood tests in line with the Sports Council Policy on illegal and prescribed substances. All young people competing at these levels should be made aware of this

Reporting

(i) Anyone who has reasonable grounds for suspecting that a Member is using or selling an illegal substance must report their concerns to the District Commissioner/Centre Proprietor as soon as practicable. If there is an immediate risk to the health, safety or welfare of one or more Members then the Police must be informed as soon as possible. The person reporting their concerns must ensure that any material evidence is retained and should not influence any police investigation.

(ii) Upon receiving a report of suspected use or selling of an illegal substance, the District Commissioner/Centre Proprietor should carry out an immediate investigation of the incident and the circumstances in which it occurred, and then decide upon the appropriate action to be taken. This will include:

- ▶ Informing the Member's parents/guardians
- ▶ Informing The Pony Club Area Representative who in turn will inform The Pony Club Office
- ▶ Informing the Police
- ▶ Suspending the Member concerned while investigations are completed
- ▶ Awaiting the completion of Police investigations and actions

9. DISQUALIFICATION

Rough or dangerous riding, deliberate interference, unseemly behaviour, or unauthorised changes of tack, etc., may be penalised by disqualification of the rider or team from the next race, the event concerned or the whole competition, at the discretion of the Official Steward, and reported to the Mounted Games Committee, District Commissioner / Centre Proprietor, Area Representative and the Training Chairman. Any reported riders will be recorded and monitored.

10. SPONSORSHIP

In the case of horses, riders and owners, no form of advertising – and this includes a sponsor's name - may appear on the competitor's or horse's

clothing and equipment at any Pony Club competition. This does not preclude the wearing of clothing for horses and riders that has been presented by sponsors of The Pony Club Championships in the current or previous years.

11. INSURANCE

The Pony Club 'Public and Products Liability Insurance' Policy includes cover for all the official Area Competitions and the Championships. Details of this insurance are available on The Pony Club website.

PART 2 - RULES FOR MOUNTED GAMES COMPETITIONS

The competitions will be run in stages. The first will be the Area Competitions to be completed by 28th May 2023. The second will be the Zone Finals, and the third/fourth stages will be at The Pony Club Championships and the Horse of the Year Show (HOYS). Format of all competitions will be run as Seniors followed by Juniors and then the Pairs. Novice Juniors can be run at Area level subject to teams being available and will be run sometime during the day as arranged by the organising branch.

14. PRINCE PHILIP CUP (SENIOR) TEAMS

The full Branch/Centre team consists of:

a) Four or Five riders who must be active Members of the stated Branch/Centre of The Pony Club. All team members must have been Members of The Pony Club at the closing date for entries to the competition and at the date of the relevant competition to be eligible to compete at Area qualifying competitions, Zone Finals and The Pony Club Championships.

Members must not have attained their 15th birthday by the beginning of the current calendar year (i.e. they must have been born in the year 2008 or later).

Note: Some games require a fifth member (on foot) to hold equipment. At HOYS some games require 5 riders and 5 ponies.

b) A sixth Member may be nominated, he/she may only be used to hold equipment in races where all five take part, and then only in the case of injury to one of the other team members. The sixth Member must be eligible under the Rules of the competition, named on the declaration form and attend the turnout inspection correctly dressed for the competition. The declared 6th Member for a Senior Team may be a Junior even if there are already 2 Juniors forming part of that Senior Team. A sixth Member is non-riding and would only be used to hold equipment.

c) Four or five ponies, at least 4 years old and not exceeding 148cm. A horse or pony shall be deemed to reach the age of 1 on the 1st January following the date on which it is foaled and shall be deemed to become a year older on each successive 1st January.

d) Dressed to compete

► A rider weighing over 54kg may not ride a pony 128cm or under.

- ▶ A rider weighing over 60kg may not ride a pony 133cm or under.
- ▶ A rider weighing over 66kg may not ride a pony 138cm or under.

If any team Member changes to a different pony during the competition, the same height/weight rules apply.

Note: There is no upper rider weight limit, however, the Mounted Games Committee will monitor riders and ponies and will have the discretion to disqualify any rider considered to be unsuitably mounted.

e) Pony Measurement is without shoes (1¼ cm is deducted when the pony is shod) Official Joint Measurement Board Ltd height Certificates will be accepted (in accordance with current JMB rules) but if there is an objection the Official Steward may measure the pony and their decision is final.

f) Normally four riders and ponies take part in each event, so the riders and/or ponies may be changed for the different events. The fifth rider and/or pony may be substituted for the final in any race.

g) Members of the teams and ponies may be changed between the Area Meeting, Zone Finals, The Pony Club Championships and HOYS.

h) No pony or rider can compete for more than one Branch/Centre in any one competition year.

i) An adult or senior Member of the Branch/Centre aged 18 or over will be appointed as Team Trainer, whose duties are to take charge of the team outside the arena and to send the team in immediately when called. The Team Trainer may not enter the arena to help or to coach the team.

15. COMBINED TEAMS

Members from a Branch/Centre unable to raise a complete team may combine with another Branch/Centre from within their Area to form a combined team. A combined team may consist of riders and ponies who would be eligible under these rules to compete in a Branch/ Centre team or of riders who would be ineligible only because the rider was not a Member of the Pony Club as required by rule 14(a)

A combined team which consists entirely of riders who, and ponies which, would otherwise be eligible to compete in a Branch/ Centre team, will be eligible to score points and qualify for finals and overall placings. A combined team which contains one or more riders or ponies which would not be eligible to compete other by virtue of this rule may not qualify for finals or overall placings. A combined team cannot qualify for the Zone Final

(see note at end of this rule), but their inclusion in the Area Competition will contribute to the overall number of qualifying teams from Area to Zone. A combined team may only be created with the permission of all District Commissioners/Centre Proprietors concerned and the Area Representative. Teams must have practised together at least once before the Area competition and the Area Competition Entry Form must be fully completed naming the Team Trainer and District Commissioner/Centre Proprietor/ Representative with overall responsibility for the combined team.

NB. In exceptional circumstances if an eligible combined team can demonstrate that both Branches/Centres cannot make up a team, and this is confirmed by the Mounted Games Committee and by both DC/ CP signing the appropriate Declaration Form, they will be allowed to go forward to Zone Finals, however combined teams would be unable to progress further to The Pony Club Championships or qualify for HOYS. Combined Teams would be reviewed every year and Branches/Centres will be encouraged to seek new Members to compete as a Branch/ Centre Team.

16. TRANSFER OF MEMBERS

Any member who has transferred from one Branch/Centre to another since the previous year's competition, other than as a direct result of a permanent change of residence into the district of the new Branch/ Centre, may not represent their new Branch/Centre in the Area Competition or any of the subsequent qualifying stages for the Prince Philip Cup, if they have represented their previous Branch at any such level in the previous calendar year. This does not apply to the Juniors, Pairs, Novice & Grassroots competitions. However, should a junior rider represent their senior team in the Prince Philip Cup then the above rule applies.

17. AREA COMPETITIONS

Area Competitions will be arranged to take place by **28th May 2023** at venues selected by Area Representatives and will be organised solely by the Branch/ Centre organising the competition, including the taking of entry forms and entry fees. All Branch/Centre teams will compete at their own Area Competition. Under normal circumstances no more than six teams may compete in any heat or final, but if entries so dictate seven teams may run. The Organiser must consult the Official Steward BEFORE this is implemented and receive his/her permission.

Where there are 18 teams or fewer, each game will consist of 3 heats and a final of 6 teams. Where there are 12 teams or fewer, each game will consist

of 2 heats and a final of 6 teams.

Semi-finals must not be run unless there are more than 18 teams entered.

In Areas where more than 18 teams are entered, at the discretion of the Organiser and the Official Steward, the Competition may be divided into two separate sections, normally in the morning and afternoon. The Area Organiser will notify the teams when they are to compete.

Note: In the case of elimination for any reason, the teams will be placed last of those competing and will score NO points.

c) Ties: In the case of equality for qualifying places from a heat to a final only the teams concerned will re-run the race.

teams concerned will run-off in the tie-break race.

20. GUIDELINES FOR JUNIOR/NOVICE COMPETITION - AREA COORDINATORS

a) **AREA COORDINATORS:-** This is a voluntary role with the aim of giving as many Pony Club members as possible the opportunity to try the sport of Mounted Games.

An Area MG Coordinator must be passionate about Mounted Games and knowledgeable about its rules. They should be over the age of 21 and have experience of being a team trainer, team manager, line steward, MG Committee member or DC. They can be an existing or previous member.

Main areas of focus:

- 1) To give support to the Official Steward at the Area Mounted Games competition.
- 2) To respond to any branch or centre request for help in starting up Mounted Games or a branch or centre request to give some initial help with grass roots and novice teams, riders and their team trainer.
- 3) Work with the Area Representative and Branches and Centres in the Area to enable them to offer Mounted Games. This should be done by being a source of advice and support to help understanding of the game and by helping them find coaches and equipment.
- 4) Support the development of Mounted Games within the Area. To help promote branches and centres to start up grass roots & novice 'Give it a Go' taster Rallies and fun training days.
- 5) Where possible, to help branches to organise Area training events which are open to all Pony Club members from within the Area.
- 6) Act as a point of contact within the Area for Parents,

Guardians, members and Branches/ Centres who want to know about the sport of Mounted Games and opportunities to play it.

b) JUNIOR/NOVICE COMPETITION - These competitions are envisaged as a preliminary step for children wishing to compete at Area Pony Club Mounted Games. The spirit of the novice games is about encouraging children to take part and achieve, with suitable support and simplified races. **Area Coordinators are there to provide help and support.**

This may be organised as a lead rein competition and children that are managing novice games competently will progress quickly into Junior/ PPC mounted games teams. The aim is safe, encouraging fun!

Novice level competitions can be run very successfully as part of Branch/ Centre friendly competitions using the same arena and equipment. To help children start to learn mounted games rules, competitions should be run according to The Pony Club Mounted Games Rule Book, with some additional guidelines:

Note: This competition is for Members learning the skills and rules of Pony Club Games (who may need a leader). **A list of suggested games can be found on the Mounted Games page of the website, these games are proposed so to help provide different skills to help develop riders and ponies for future Mounted Games competitions.**

1. Ponies may be ridden in any normal riding bit with a single rein, excluding English gags and bitless bridles (grass reins may be used)
2. Trainers are allowed to be with their team and talk the Members through the races.
3. Ponies may be led, but help may only be given by the leader for safety reasons.
4. A leader may leg up children too small to mount.
5. Children should correct their errors, dismounting if necessary, but may be helped to remount.
6. The safety of the children and ponies is paramount and it is the responsibility of the trainers and DC's to ensure that children are suitably mounted.
7. It is recommended that heats are scored according to placings rather than heats and finals.
8. Members who are confidently competing at novice level should be

encouraged to compete at Area Competitions (Junior/PP Cup)

9. Entry Fees to be kept by the organising Branch.

21. ORGANISATION OF FRIENDLY COMPETITIONS AND EXTERNAL EVENTS

Friendly gymkhana games competitions can be organised by Branches and Centres for all ages and abilities. They may be for teams, pairs and individuals (including lead reins).

The Mounted Games Rule Book should provide a framework for the organisation of these competitions, however, the format and choice of games should reflect the age, competence, size and experience of members and ponies.

For safety reasons, "Combined" teams included in Friendly Competitions or Displays should conform to the "Combined Team" rule set out in the current Mounted Games Rule Book.

All Friendly Games Competitions organised in accordance with this Rule Book should be organised by a Branch with the knowledge and permission of the District Commissioner and Branch Committee.

Notice should also be given to the Area Representative and/or the local Member of the Mounted Games Committee.

The directions outlined above as to the running of Area Competitions may be taken as best practice for the organisation of a Games Friendly although, of course, there will be no Headquarters involvement; accordingly, the appointment of an Official Steward and of Line Stewards, the supply of rosettes, and the financing, will be matters solely for the organising Branch.

The importance of the appointment of experienced officials cannot be overemphasised. Quite apart from the directions on safety for the Area Competitions given above, the general rules and principles as to health, safety and risk assessment, which apply to all Branches/Centres in the organisation of events, will be applicable to Friendly Competitions.

The Risk Assessment carried out by the organising Branch will be particularly relevant to the appropriate level of First Aid cover.

It is accepted that Pony Club Mounted Games Team Competitions are sometimes run outside the Branch/Centre network, typically at shows or other major equine events.

- ▶ Planned Pony Club attendance at external events must be notified to The Pony Club Office/Area Representative.
- ▶ A Pony Club Official must be appointed to take overall charge and responsibility.
- ▶ The Pony Club Official must carry out proper risk assessments in accordance with Pony Club guidelines.
- ▶ The Pony Club Official should ask to see a copy of the event's own Risk Assessment.
- ▶ The Pony Club Official must ensure that risk assessments cover all aspects eg arena, collecting ring, horse walks, overnight stays, penning, practice areas etc.
- ▶ The Pony Club Official must record and report any accidents/ incidents to The Pony Club Office.

Any Health and Safety concerns Organisers have prior to, during or after the event should be raised directly with the office.

22. GENERAL RULES

The following rules will apply in all events unless stated to the contrary in the rules for a particular event.

a) Entries: Each Branch/Centre of The Pony Club in Great Britain may enter any number of teams for all Area Competitions.

The Entry Form, which **MUST** be signed by the District Commissioner, should be sent together with the entry fee to the Secretary of the organising Branch/Centre.

Entry fees should be set at a reasonable level by the organising Branch/ Centre in order to cover competition costs. A Start Fee may be charged if necessary to help with First Aid cover.

Each Branch/Centre will also nominate two experienced Line Stewards per Team who will officiate at the Area Competitions. A form for these nominations will be sent by the Organiser to Team Trainers together with Area Competition details. On completion, the form must be returned to the Organiser. See also Instructions for Line Stewards – APPENDIX F.

Branches/Centres withdrawing from Area Competitions after entering must inform the Organiser not fewer than 48 hours prior to the competition. If later than this their entry fee may be retained by the organising Branch/ Centre.

If a Branch/Centre makes an entry and then wishes to withdraw, 50% of the entry fee will be refunded by the organising Branch/ Centre provided notice

is received by the Organiser 10 or more days before the competition.

b) Withdrawals (All competitions & Championships)

If a Branch or Centre withdraws a team or individual prior to the closing date for a competition, a full refund of entry and stabling fees will be made, less an administration charge. Withdrawals after the closing date for a competition will not be refunded.

c) Abandonment (All competitions & Championships)

In the event of a competition being abandoned, for whatever reason, a refund of 50% of the entry fee will be given. In such an instance the refund process will be communicated and must be followed.

d) Substitutions: Any pony/rider injured before the start of a race may be substituted by the nominated 5th pony/rider, even if the injury occurs whilst on the start line.

e) Declarations: Forms are available as a download from the Mounted Games page on the website. On the day of the competition, the Declaration form giving the names and PELHAM Membership numbers of the members in the team, their ponies details including passport number and PELHAM Coach Accreditation number of the Team Trainer with a certificate of their eligibility signed by the DC must be given to the Organiser of the Competition and to The Pony Club Official Steward. Teams who do not produce a valid and correct Declaration Form or should a breach of eligibility subsequently be discovered the team may be disqualified. Teams being invited to Zones and Championships will be done via contact details on the Declaration Form, please ensure they are clearly printed. Only declared members and ponies are eligible to compete on the day.

f) Inspection: It is the competitors' responsibility to ensure that their tack is in accordance with the rules and that they present themselves for inspection. Riders and ponies will be inspected before the start in the clothing and saddlery in which they are to compete and these will not be changed thereafter without reference to the Official Steward, failure to do so may entail disqualification from the Competition. Turnout Judges will report any Riders whom they think may be over-weight for their ponies.

Any unusual decoration of the horse with unnatural things, such as ribbons, flowers, glitter etc. in the mane/tail or applied to the coat is forbidden. Red bows should be worn in the tail of ponies that kick.

g) Initial Parade: In all rounds, teams will parade in the arena at the

commencement of the competition, when rosettes will be presented to the first three teams in the Turnout Competition.

h) Objections: Only District Commissioners or Centre Proprietors or their appointed representatives are entitled to make requests for information or to lodge objections, which must be made promptly verbally to the Official Steward.

If a District Commissioner / Centre Proprietor is unable to be present, he must appoint an experienced person, preferably a senior member of the Branch / Centre Committee, to deputise for him and this person must be nominated on the Declaration Form. This may not be the team trainer/ team manager or the parent of a competitor.

No objection will be allowed to the starting, judging or stewarding of any event. Any other objection arising out of a heat or final must be made and if possible, decided upon before the start of the next heat or final.

An objection to the equipment or layout of the Arena must be made not later than half an hour before the start of the Competition.

An objection to the weight of a rider may be made at any time during the Competition.

To prevent disruption during the competition, an objection to the qualification of a rider or a pony must be made as soon as possible before the commencement of the Competition. Should a breach of eligibility subsequently be discovered, then the Mounted Games Committee may disqualify the offending team, even if after the Competition.

An objection arising out of the final result must be lodged before the awards are made.

Video evidence will not be considered. If the Official Steward cannot give a decision on the day, he may refer the matter to the Mounted Games Committee for adjudication.

23. JUDGES AND OFFICIALS

a) Judges of Turnout: Judges can be selected from the senior Officials or they can be specially appointed by the Organiser. It is recommended that the Area Representatives and someone familiar with Mounted Games Turnout are invited to judge. The Turnout Judges will attend the Initial Parade to ensure no item of tack/clothing has been changed since their inspection.

Rosettes will be awarded to the three Best Turned Out Teams on the basis of serviceability, safety, cleanliness, and neatness of pony, rider and tack rather than uniformity. A timetable notifying Branches/ Centres when their team will be inspected is recommended, particularly in inclement weather. See Turnout Competition.

Team trainers or their nominee must accompany their teams during the inspection.

Organisers will provide a steward for the Judges inspecting Turnout, who will make a note of any faults.

b) Official Steward: An Official Steward will be appointed by The Mounted Games Committee for Area Competitions, Zone Finals and Finals. They supervise the Briefing. Their duties are to adjudicate on objections, to decide on eliminations and generally to ensure that the competition is run in accordance with the Rules. They may replace a Line Steward if considered necessary.

They may, on their own initiative, "object" and take action on any matter which comes to their notice. Their decision is final and binding.

c) Line Judges: The Judges decide the order in which the competitors cross the finishing line. The Judges are not responsible for infringements. At Zone Finals, however, the Judges will liaise with the Official Steward on Start/ Finish Line infringements. The Judges receive reports of eliminations from the Official Steward and taking these into consideration give the results of each heat and final. The Judges should position themselves at the same end of the finishing line as the Commentator for easy liaison.

d) Line Stewards: There must be two Line Stewards for each lane at Area Competitions. The positioning and duties of Line Stewards are set out in APPENDIX F. For each lane the Steward is to be standing at the top of the Arena in line with each line. If there are not enough Line Stewards available on the day, the Official Steward can adopt the following rule as used at Zone finals. At Zone Finals and Championships Line Stewards are appointed by the committee and will be neutral, there may only be two or four Line Stewards positioned at the Start/Finish Line, therefore any errors will not be boarded at this end.

The Line Steward Co-ordinator (if appointed) organises and supervises the rotation of stewards before and during the competition and reports any problems to the Official Steward. For the Pairs Competition ONLY, there may be TWO experienced Line Stewards on the Start Line and TWO at the changeover end.

- e) Starter:** The instructions of the Starter are set out in APPENDIX E.
- f) Judges' Writers (Two are advised, one for each Judge):** The Judge's Writer fills in the results of each heat and final on the Judge's Slips (obtainable by the Organiser from The Pony Club Shop) and takes these promptly to the Announcer and Scorer. These slips must be retained by the Organiser.
- g) Scorer:** The Scorer keeps the scores on the Official Sheet. A scoreboard may be displayed. The Official score sheets must be sent to The Pony Club Office by the Official Steward at the end of the competition.
- h) Announcer:** The Announcer should give a short explanation of each event. He calls in the teams for each heat and final and he announces colours and positions at the start. He announces the results of heats and finals and gives aggregate scores of the teams after each event.
- i) Collecting Ring Stewards:** They keep order in the Collecting Ring and get teams ready to send them into the Arena when required. They should deal through the Team Trainers, who must remain in the Collecting Ring. Any difficulty in the Collecting Ring should be reported immediately to the Official Steward.

Note: Only the Team Trainer and ONE other person aged 18 years old or over may be in the collecting ring with their Team, and should stand in the 'trainers track' if one is available.

- j) Arena Party:** The Arena Party puts up and issues equipment and ensures that everything is ready for each event, removing the equipment when it is no longer required – SEE APPENDIX E
- k) Equipment Steward:** There should be one Equipment Steward to ensure all equipment is ready before the competition starts and check that all equipment is placed correctly for each race.

24. THE COMPETITION

- a) The Start:** The signal to start will be the drop of a flag. The starter may order an unruly pony to stand behind the 6m line.

The starter alone is responsible that the start is fair, so if, after dropping his flag, he considers the start was unfair, he must immediately raise the flag again and recall the riders, by whistle.

- b) Mounted Definitions:** Except when the rules allow riders to dismount, they must remain mounted (facing forward, legs astride the

saddle, or back when saddles are not used). Reins must be over (not under) the pony's head at all times. Should one fall off and lose his pony, he must remount unaided and resume the race as near as possible to the place where he fell off.

JUNIOR COMPETITION ONLY: Riders in difficulty must have made a reasonable attempt to re-mount before seeking help from a Line Steward or a fellow Team Member.

- i. Riders may lead their pony to the changeover end where the Line Steward may hold the pony whilst they remount.
- ii. Riders may lead their pony to the start/finish line where a fellow mounted team member may hold the pony whilst they re-mount. In a Heat – Any Team receiving help to remount will score ONE Point, but WILL NOT qualify for the Final.
- iii. Any additional help from a steward e.g. picking up equipment, leg-up etc. will entail elimination.
- iv. In a Final – Any Team receiving help to remount will score ONE Point only.

c) Loose Ponies: Loose ponies leaving the arena entail elimination. If a rider deliberately let's go of the pony, e.g. to replace equipment, the team may be eliminated from the event at the discretion of the Official Steward. No person may enter the ring to catch a loose pony. Providing it is safe to do so, any person in the arena can catch a loose pony and may help, and then only when the pony has left the "playing area". The team may then continue from where the infringement took place.

d) The result: The result of a race will be decided by the order in which the ponies' heads cross the finishing line when ridden or the riders cross the line when dismounted (as in the Sack Race). When ponies finish in pairs, it is the head of the second pony which counts.

e) After a race: Riders will stay in the arena when they have finished their parts in an event and must not ride down the course until all teams have completed the event and are signalled to do so by the starter. Competitors must leave the Arena at walk.

f) Pony Encouragement: The hand, the reins or other article may not be used as a whip.

g) 6m Box:

- i. At a changeover, the next rider to start must take up position in the 6m box. He must go next and may not be replaced by one of the others for any reason. The remainder of the team must be behind

the 6m line.

- ii. Handovers from one rider to the next must take place behind the line (i.e. the whole of the outgoing rider and his pony must be behind the line until the incoming rider and his pony have crossed it). Should the outgoing rider cross the line too soon, his team will be eliminated unless he returns to correct the error.

h) Backing Off:

Deliberate backing off behind the 6m line or indeed any other action by the next rider at a Changeover which facilitates a "flying" changeover is not permitted. The Official Steward may eliminate a team which seeks to take this advantage.

i) Change Overs:

- i. No rider may help another unless they are both involved in a Change Over.
- ii. When correcting mistakes, only the rider/s concerned should be in the field of play. All other riders must remain behind the line. However, should a rider/pony step accidentally into the field of play during a race, the team will not be penalised providing the error is corrected promptly.
- iii. A Team Member may assist another by leading a pony UP TO the 6m line, but may NOT lead them INTO the 6m box.
- iv. At the Change Over, should the article be dropped, only the incoming rider may pick it up and hand it to the outgoing rider. He may dismount to do this or remain mounted.

j) Retrieving articles dropped or upset

- i. No article may be put in the mouth, on penalty of elimination.
- ii. Should a rider drop an article he has to carry, he may dismount or remain mounted to pick it up by hand, after which he must remount to resume the event from where the article was dropped.
- iii. When a rider has made a reasonable attempt to put an article he is carrying into or to remove an article from a container or to place an article on or to take it off a table, pole etc and drops the article in the process, he must pick it up mounted or dismounted and if appropriate place it where it needs to go. This may be done mounted or dismounted. If dismounted he should then re-mount and continue the race.
- iv. When correcting an error, dismounted, the rider must continue to hold the pony by the rein throughout.
- v. If any equipment becomes dislodged after the incoming rider has

crossed the line, then the outgoing rider must correct it and then return to start their part in the race.

k) Correcting Errors: Should a rider knock over a container, table, post etc. while making a reasonable attempt to put an article he is carrying where it needs to go, the rider must replace the knocked over equipment where it should go.

This may be done mounted or dismounted. The rider should then put in place the article he is carrying from either a mounted or dismounted position. If the rider has not made a reasonable attempt to put the article he was carrying in the correct position, then after replacing the knocked over equipment, he must be mounted before placing the article he was carrying in the correct place. The penalty for not correcting properly is elimination from that race.

A rider who commits an error during an event may return to correct it, even after crossing the changeover or finishing line, provided the Official Steward has not declared the race to be over.

l) Broken Equipment: Any misuse causing broken equipment will entail Elimination. The race will not be re-run.

m) Bending – Definition: In all races in which the riders weave round bending poles the following will apply:

- a. The riders may pass the first pole on either the right or the left. Thereafter, they weave alternately to the left and right of successive poles.
- b. MISSED POLE: Provided a rider returns and rides round the pole he does not need to continue on the same bend as previously.
- c. The following faults will incur elimination of the team from an event.
 - i. Missing a pole unless corrected.
 - ii. Failure by the rider concerned to replace a pole he had knocked down.

n) Interference: If any rider or his pony interferes with another Team during an event the offending Team may be eliminated or in serious cases disqualified at the discretion of the Official Steward. Races will not be re-run when a Team upsets the equipment of another Team but the offending Team will be eliminated from the race.

o) Officials: It is forbidden for anyone other than officials to enter

the arena during the competition, except the District Commissioner/Centre Proprietor (or his appointed representative, if he is not able to be present) in order to lodge an objection. Team trainers are not allowed in the Arena during the Competition.

p) Race Substitutions: If for any reason an event cannot be run, it may either be replaced by the Spare Event, or be declared void at the discretion of the Official Steward.

It is essential that Organisers should have a thorough knowledge of the whole Contents of this Rule Book.

LINE STEWARDS – AREA COMPETITIONS

The names and addresses of Nominated Line Stewards will be sent by Branches/Centres to the Organiser or Line Steward Co-ordinators (if appointed) before the Competition as requested.

Organisers should provide a list of Line Stewards for the Official Steward before the Briefing.

Close liaison with the Area Line Steward Co-ordinator (if appointed) or Organiser is essential.

ORGANISERS – LINE STEWARD CO-ORDINATORS (IF APPOINTED)

Each Organiser or Area Line Steward Co-ordinator (if appointed) will attempt to find and appoint at least six experienced and independent Line Stewards for his Area Meeting.

Organisers and Line Steward Co-ordinators must consult and agree how many of the Branch/Centre nominees are required.

Those nominees not needed must be informed in good time.

TEAM COLOURS

Each team at Area Meetings will wear their Branch/Centre colours.

LAYOUT OF SHOWGROUND

The size of the Arena is 125 m x 74m (SEE APPENDIX A).

There will be a "6m line" behind the Start and Changeover lines.

It is possible for about six people to mark out the Arena and put up all the arena posts, ropes and equipment in a morning. Metal posts must not be used.

The other requirements are:

- ▶ First Aid Cover
- ▶ Signposting on the roads

- ▶ Horsebox Park
- ▶ Water must be available
- ▶ Secretary's Tent (Horsebox or trailer)
- ▶ Public Address System
- ▶ Scoreboard
- ▶ Ladies' and Gentlemen's Toilets
- ▶ Commentator's Box
- ▶ Public Refreshment Outlet
- ▶ An area for Judges/Officials to take lunch (usually provided by the Organiser)
- ▶ The Commentator's Box should be approximately in line with the Start/Finish Line
- ▶ The Public Address Equipment must be tested and in action before the start of the first event

TECHNICAL EQUIPMENT

If Organisers already have some different, but equally suitable, equipment, this may be used, but teams must be given details at least one month before the competition so that they can practise accordingly.

SPONSORSHIP

Sponsors at Area Competitions must not be competitors of the main sponsors of the discipline, and must be approved by The Pony Club office. Any advertising material that is used by sponsors, whether it be in the form of display banners or programme material, must be tasteful, and not inappropriate to the image of The Pony Club.

PROGRAMME

The minimum requirements in the Programme are:

- ▶ A list of Events
- ▶ A Timetable
- ▶ The Teams taking part and their colours
- ▶ A Score Sheet
- ▶ The names of the Organiser and Official Steward

BRIEFING

The Briefing is carried out by the Official Steward.

It should be held not later than one hour before the start of the first event. It is strongly recommended that arrangements are made for the Briefing to be held under cover if the weather is likely to be inclement.

Those required at the Briefing are:

Official Steward, District Commissioners, Team Trainer, Both Judges, Starter, All Line Stewards and Line Steward Co-ordinator (if appointed).

If the Briefing takes place at the same time as the Turnout Inspection, Team Trainers must nominate a substitute to attend their Team's inspection.

SECRETARY

The Secretary is responsible for Programmes, Rosettes and Catering arrangements.

The Secretary receives the Declaration Forms and gives them to the Official Steward for checking before the Briefing.

FIRST AID REQUIREMENTS

PLEASE SEE THE HEALTH AND SAFETY RULE BOOK OR PCUK.ORG

VETERINARY SURGEON

If a veterinary surgeon cannot attend, arrangements must be made for them to be 'on call' and able to attend the site in a reasonable time. The telephone number should be noted in the Secretary's Tent.

The Veterinary Surgeon and medical personnel and the Ambulance are best situated near the ring.

A tarpaulin should be available to cover a pony should one be killed, and the telephone number of the Hunt Kennels noted in the Secretary's Tent. See the Health and Safety Rule Book for further information.

FARRIER

If possible, the Organiser should arrange for a Farrier to be present or on call.

GATE STEWARD

He directs the parking of vehicles.

PROGRAMME SELLERS

Programme Sellers (if used) should be arranged by the Organiser.

One may be positioned near the gate but not obstructing the entrance.

ROSETTES

Rosettes for Area Competitions are ordered and supplied by the Organiser of that competition. These are given for the final placings only and not for each separate event. Rosettes are awarded to the five riding team members and the sixth non-riding reserve.

- ▶ Up to 8 entries – 1st, 2nd, 3rd and 4th
- ▶ Up to 10 entries – 5th in addition
- ▶ Over 10 entries – 6th in addition

It is recommended that all Team Members receive a rosette.

At Zone and Championship Competitions, the five riding members and the sixth non-riding reserve from all teams will receive rosettes. These will be supplied by The Pony Club Office.

THE TURNOUT COMPETITION

All teams will be inspected before the start of the competition, in the clothing and saddlery in which they are to compete. See under INSPECTION (Rule 22 f). Branches/Centres must be notified in advance of the times when their teams will be inspected and it is strongly recommended that a timetable is worked out, at five-minute intervals, so that competitors do not have to stand about for long periods in inclement weather. Team Trainers or their nominee must be with their Team when inspected, see under BRIEFING.

All teams then parade before the start of the competition, see Initial Parade (Rule 22 g).

Rosettes will be ordered and awarded by the Organisers to the first three teams. The results of the Turnout Competition should be displayed on the scoreboard.

REPORT TO THE PONY CLUB OFFICE

Immediately after the Competition, the Organiser must give to the OFFICIAL STEWARD the following documents, which the OFFICIAL STEWARD must send by post or email to The Pony Club Office IMMEDIATELY:

- ▶ A copy of the Programme
- ▶ A Marked-Up Score Sheet for Prince Philip Cup, Junior and Pairs Team Competitions.
- ▶ Declaration Forms of All Teams
- ▶ A report on any difficulties that arose and suggestions for improvements for the future.

NOTICE TO TEAMS

The Organiser should inform the teams of the following:

- i.** The venue and directions how to get there.
- ii.** Times of:
 - a. Declarations
 - b. Briefing
 - c. Turnout Inspection
 - d. Start of First Event
- iii.** Description of technical equipment to be used if different from the list in APPENDIX B and the distance between Bending Posts, if not 9m.
- iv.** Whether catering facilities are provided.
- v.** The Organiser's details with telephone number and Mobile Contact Number on the day.

The Organiser must also inform the Official Steward of all the arrangements as soon as possible and seek his/her advice in case of any difficulties.

The Organiser/Line Steward Co-ordinator (if appointed) is responsible for the appointment of all Line Stewards.

APPENDIX D – THE OFFICIAL STEWARD – DUTIES

The Official Steward, who is appointed by The Pony Club Office, is responsible for ensuring that the whole competition is run in accordance with the rules. His authority is final and binding. He is responsible for inspecting and approving the lay-out of the arena and all the equipment. He conducts the Briefing (after calling the roll). See Briefing, APPENDIX E. He supervises the Line Stewards and allocates where they should stand. He appoints an experienced Line Steward on the far side of the arena to receive any objections (on his behalf) he will emphasise that the Line Steward must immediately raise his board and not discuss the objection. He may replace a Line Steward if he considers it necessary. He receives reports on infringements and informs the Chief Judge of his decisions.

The Official Steward must liaise with the First Aid personnel and agree where they should be positioned during the Competition and when they should be summoned.

He is responsible for the enforcement of the Rule about Concussion

(PLEASE SEE THE HEALTH AND SAFETY RULE BOOK OR pcuk.org)

He adjudicates on objections. If unable to give a decision on the day, he may refer the matter to The Pony Club Office for adjudication.

If, because of any serious breach of the rules, the Official Steward considers disqualification from the whole competition may be necessary, he can consult with the Organiser and any member of the Mounted Games Committee present before taking his decision. He will report the matter to The Pony Club Office

The Official Steward shall adjudicate on any unforeseen eventualities.

He must have available a height-measuring stick and scales (bathroom scales are adequate). He must have a whistle immediately available in case it is necessary to stop a race. He thanks the Organiser on behalf of the Mounted Games Committee at the end of the day.

Immediately after the Competition, the OFFICIAL STEWARD must send to The Pony Club Office:

- ▶ A copy of the Programme
- ▶ A marked-Up Score Sheet (FOR PRINCE PHILIP CUP, JUNIOR AND PAIRS TEAM COMPETITIONS)
- ▶ Declaration Forms of All Teams
- ▶ A report on any difficulties that arose and suggestions for improvements for the future

APPENDIX E – BRIEFING

The Briefing is conducted by the Official Steward. It should take place not less than one hour before the start of the first event, preferably under cover. Punctual attendance at the Briefing is essential by all concerned.

The Organiser should hand all Declaration Forms to the Official Steward for verification before the start of the Briefing.

The Organiser also provides for the Official Steward a list of Line Stewards. Before the Briefing begins, the Official Steward should call the roll to ensure that everyone is present. Those required are:

- ▶ District Commissioners / Centre Proprietors, or their officially appointed representatives
- ▶ Team Trainers
- ▶ All Line Stewards
- ▶ The Judges (2)

- ▶ The Starter
- ▶ Line Steward Co-ordinator (if appointed)

The Official Steward should ensure that all questions and all answers are heard by everyone present. He verifies that all Line Stewards have read and understand their duties as set out in APPENDIX F.

He explains the Line Steward's signalling procedure and reminds them that they must NOT call back or warn any competitor.

He will appoint and brief an experienced Line Steward (on the far side of the arena) to receive any objections. He will emphasise that the Line Steward must, on receiving an objection, immediately raise his board and not discuss the objection.

To help the running of the competition he will remind the Line Stewards at the Start / Finish end to hand out any piece of equipment needed e.g. baton. Similarly, they will collect equipment in at the end of the race. Changeover Line Stewards will be responsible for equipment at the far end of the arena.

He explains the use of the Starter's whistle in the event of a false start. He reminds Line Stewards that they must not steward their own team, and stresses the need for absolute concentration while the races are in progress.

He summarises the principal points in General Rules.

He runs over any special points that require attention in each race.

Objections: The Official Steward should explain the rules regarding objections and explain that no objections of any kind are allowed to the starting, judging or stewarding of any race.

Before briefing the Judges and Starter, others present can be allowed to go.

Judges: The Judges must be together at the same end of the start/finish line as the commentator for easy liaison.

The Judges place the competitors as they cross the finish line and they must not concern themselves with infringements. At Zone Finals and Championships, the Judges will liaise with the Official Steward on Start/Finish line infringements.

The Judges place all teams and record these places (in case of eliminations). The Official Steward should explain the finish of each race, see Rule 24(d).

Briefing Notes may be sent from the Official Steward/Organiser before the competition'

THE STARTER

Starter: The Official Steward should check with the Starter where he stands to signal the start and the correct use of his flag. The Starter's whistle must be immediately available in the event of a false start.

1. The person appointed should be experienced in starting Mounted Games competitions.
2. The Starter's position is in line with the first bending pole and on the same side as the Judges. He must ensure he can be clearly seen by all the competitors on the start line.
3. Should any pony become unruly at the start the Starter/Official Steward will order it to stand behind the 6m line.
4. In the event of a false start, the Starter will immediately blow his whistle and raise his flag to recall the teams.
5. As soon as the teams are assembled on the line the Starter should:
 - i. Raise the flag and hold it upright whilst the riders settle; he should have the whistle ready in his other hand.
 - ii. When he is satisfied all the riders are settled and stationary the flag is lowered AWAY FROM THE RIDERS. (There is no need to bring the flag down with a great flourish as this will invariably unsettle the pony in the nearest lane).
 - iii. The practice of riders holding up their hand when they feel they are not ready should be discouraged. The Starter should tell them he can see the situation and that they have better control with two hands on the reins.
6. Should the Starter have any doubts he should consult the Official Steward for guidance.

APPENDIX F – INSTRUCTIONS FOR LINE STEWARDS AT AREA COMPETITIONS

1. The line steward signals are for the guidance of the Official Steward and not for the competitors.
2. Line Stewards must have a thorough knowledge of the rules and have studied carefully the details of each race in the competition they are to steward.

It is most important that they have Line Stewarded at a minimum

of two team practices/competitions, and preferably more, before the competition at which they are to Steward.

They must have attained their 18th birthday.

3. They must attend the Briefing, which is normally not less than one hour before the first event. Punctuality is essential.
4. a) Each Team will have Two Line Stewards. IMPORTANT N.B.

One Line Steward will stand 3-4m behind the Changeover line – in line with the lane they are judging.

The Second Line Steward will stand at the side of the arena as instructed by the Official Steward.

When Six Teams are running, lane 1, 2, 3 Line Stewards will stand on the starter's side and lane 4, 5, 6 Line Stewards will stand on the opposite side. They must stand apart and ensure they can see the changeovers.

b) Each Line Steward will have a numbered board; if possible, they should all wear a fluorescent bib for visibility.

5. Where possible Line Stewards should not act in a heat or final in which their own team is competing.
6. Any infringement of the rules must be signalled at once by raising the numbered board high, keeping it up until the end of the race, unless the infringement is corrected, when it is immediately lowered again.
7. When a Line Steward signals an infringement, the Line Steward at the opposite end should also signal immediately.
8. In the case of obstruction by any team, the Line Steward of the team causing the obstruction does NOT signal until the end of the race.

At that time the board is raised for the attention of the Official Steward who will then adjudicate. The Line Steward of the team obstructed does NOT signal.

9. Line Stewards must not call back or call instructions to any competitor, but the Changeover Line Steward must answer a competitor's question as briefly as possible.
10. Line Stewards at the Changeover Line should ensure that competitors do not ride back down the arena until the race is over.
11. If one team's equipment is upset by another team, the nearest Line

Steward of the team upset should quickly set this up again, if this is possible and safe to do so.

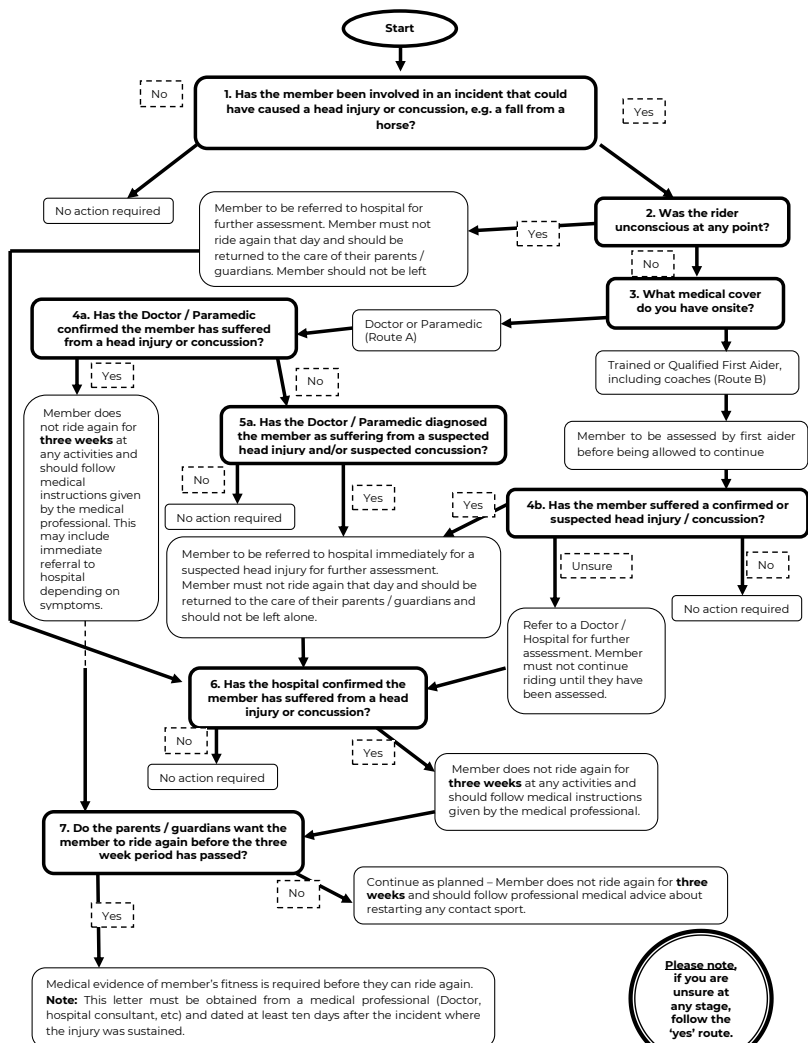

12. Close concentration is necessary throughout each race. Be sure not to be distracted by anything – even a bad upset in another lane. Mobile phones must be switched off and not used by a line steward during the competition.
13. If equipment is broken and appears dangerous the Line Steward has the discretion to raise his board. The race will not be re-run.

See General Rules.

14. Ensure that only the next rider to go takes up his position on the Start or Changeover Line. The others must be behind the 6m line. See General Rules.
15. If a pony runs loose, the Line Stewards of the team concerned may endeavour to catch it after it has left the 'playing area'.
16. Line Stewards are not responsible for the position of the ponies at the start.
17. Even if a Branch/Centre Team is withdrawn from the Competition, the Line Stewards from that Branch/Centre must still attend the Area Meeting unless otherwise notified by the Organiser.
18. Line Stewards will report to the Official Steward any person who questions their decisions, is abusive or obstructs their duties in any way whatsoever.

Briefing Notes may be sent from the Official Steward/Organiser before the competition

APPENDIX G – HEAD INJURY AND CONCUSSION FLOWCHART

Please note, if you are unsure at any stage, follow the 'yes' route.

APPENDIX H – GUIDE TO ORGANISING THE TACK AND TURNOUT COMPETITION

It is recommended that the Organiser of any Prince Philip Competition understands how to organise a Tack and Turnout Competition – if the tack and turnout takes a long time, the whole day can be disrupted.

We advise Organisers to allocate three Judges and a writer to the tack and turnout section, they can each be given specific job, i.e.

- ▶ Judge 1 can check the pony.
- ▶ Judge 2 can check the tack.
- ▶ Judge 3 can check the rider.

The writer helps to make the job for the Judges a little easier.

Please note that all of the Judges should be up to date with the current Tack and Turnout rules and have a rule book to hand.

Before the competition it is advised to create a timetable allocating the time which each team must present to the Tack and Turnout Judges, these timetables can be posted to teams beforehand.

Allow each team approximately 5 minutes to be checked and judged. Additionally, try to allow some additional time before the parade in case there are any issues that need to be referred to the Official Steward.

A score sheet shown below can aid the Judges:

Branch							
	1	2	3	4	5	Total	Notes/ Remarks
PONY							
TACK							
CHILD							

Usually, the marks are all scored out of 10 and the winner is the Branch with the highest score.

If a team presents a 6th Member at Tack and Turnout, they are checked but their score is not noted.
